9. BOARD MEMBER REPORTS

Supervisor Duggan:

- Attended the NACo Legislative Conference.
- 2/8 – Attended several meetings with the Ferguson Group: Senators Butler and Padilla's office along with the USDA Department of Water Resources, the BLM Departments as well and presenting our Legislative Platforms.
- Friday, I participate in more meetings with Chair Peters and the Ambassadors team.
- Saturday, Legislative priorities and the Land Use meeting and meeting with FEMA, sat on the NEPA panel.
- Met with Congressman Kiley's office, his office is very supportive to our needs/

Supervisor Gardner:

- On Thursday Feb. 8 I attended the regular meeting of the Eastern Sierra Transit Authority Board. Topics at that meeting included approval of a Zero Emissions Plan, and approval of the purchase and refurbishment of several new buses for the ESTA fleet.
- On Tuesday Feb. 13 I met with Aaron Wilcher, who is with the University of California Cooperative Extension Office in Bishop. Aaron is meeting with several people across the Eastern Sierra as part of a community and economic needs assessment to determine how best to structure an education, research, and partnership program on behalf of UC.
- Also, on the 13th I listened in on a meeting in June Lake with SCE about their continued plans regarding the recommissioning of the Rush Creek Dam System. There will be many more meetings and opportunities for the public to comment as this project moves forward in the next several years.

Supervisor Kreitz:

- February 7th – began serving with ESCH's recently created staff – board member mentorship program. A very enjoyable program thus far.
- Town Council meeting on STR regulations as part of their moratorium.
- February 12, Eastern Sierra Continuum of Care meeting. Received a general update on the January 24th Point in Time Count – numbers for Mono County were up with 25 cars parked that night near the geothermal plant. In years past there were typically roughly 3-8 cars parked there the night of the count. We reviewed the various HHAP grants and formed a special subcommittee for HHAP 1&2 to make recommendations on allocating the remaining unencumbered funds. I will be serving on this subcommittee.
- February 13, met with Janet Hatfield about Whitebark Institute and their work with tribal groups on fire response and resiliency.
- February 14, I served as a judge for the Lions Club Student Speaker Contest –

Note:

These draft meeting minutes have not yet been approved by the Mono County Board of Supervisors

Congratulations to all the participants!

- February 15, I participated in the quarterly Mono County Treasury Oversight Committee meeting. The Committee is considering moving to a bi-annual meeting schedule, though there's some concern around staff transitions that may warrant sticking with the quarterly meetings as we do now.
- February 16, The Housing Ad Hoc met, I joined the Jobs First/CERF Local Government subcommittee meeting along with Supervisor Salcido.

Chair Peters:

- Attended the NACo Legislative Conference.
- Discussed FEMA meetings.
- Attended the Military Communities Breakfast.
- Meeting with Congressman Kiley.
- Discussed the meeting the Chief Moore on Housing issues.
-

Supervisor Salcido:

- February 8, 2024. ESTA, Eastern Sierra Transit Authority
- Attended my first meeting of ESTA and replacement of the Mammoth fleet. Are continuing to use diesel buses for now until alternate power sources are more viable.
- February 12, 2024. ESWST, Eastern Sierra Wildlife Sustainability Taskforce
- Continuing discussion around funding and project advancement.
- February 15, 2024. WRAFT, Wildfire Resilience Action Finance Team
- Update of projects, funding options, and the proposed nonbinding MOU in support for the project. Wendi Grasseschi shared that the biomass proposal is moving ahead and that the outstanding issue has been resolved by the USFS. Ales Tomaier talked about a pending Community Wildfire grant and the Fire District bond to be on the ballot in November.
- February 16, 2024. California Jobs 1st/CERF
- Sierra Business Council introduced new staff facilitating the Governmental Affairs subcommittee, new consultants, discussed the Project Tracker Tool draft and the larger Regional Study. The work continues.

MEMO

TO: Mono County Board of Supervisors
FROM: Michelle Raust, Health and Human Services Deputy Director
SUBJECT: **School Based Oral Health Services Memorandum of Understanding (MOU) with Eastern Sierra Unified School District**
DATE: April 2, 2024
CC:

Mono County Health and Human Services Public Health Division wishes to collaborate with Eastern Sierra Unified School District for the provision of school based dental services for the students of the District.

The Public Health Division receives funding through the California Department of Public Health, Office of Oral Health, to provide school-linked dental services. The purpose of the proposed partnership with Eastern Sierra Unified School District is to provide screenings and services at individual schools, identify oral health needs of children, link children to a source of care, and establish a dental home (if one doesn't already exist). This effort helps to provide equitable dental health services for school-aged children.

Staff members of the Public Health Division, along with dental health professionals subcontracted by the County, will provide services and education to students within the District during the contract term. Services include oral health screening, fluoride varnish application, dental sealants, oral hygiene instruction, and referrals. A valid written parent or guardian's consent to dental treatment is required for any student to receive these services.

The proposed MOU describes the roles and responsibilities between Eastern Sierra Unified School District and Mono County. Services are provided at no cost to the District or the students. The program is funded through June 2027.

MEMORANDUM OF UNDERSTANDING BETWEEN EASTERN SIERRA UNIFIED SCHOOL DISTRICT AND MONO COUNTY REGARDING SCHOOL BASED DENTAL SERVICES

WHEREAS, Eastern Sierra Unified School District (hereinafter “School District”), and Mono County (hereinafter “County”), wish to collaborate on the provision of school based dental services for the students of District; and

WHEREAS, County is willing to provide school based dental services as requested by the School District in accordance with the following terms and conditions.

TERMS AND CONDITIONS

1. County will provide staff persons from its Health and Human Services Public Health Division, along with dental health professionals subcontracted by County, to provide school based dental services to students beginning in March of 2024, at locations within the District designated by the District. Services are to be provided in accordance with Attachment A, Scope of Work. County will provide necessary materials for such purposes.
2. County will draft, and provide to District, the required consent for dental treatment form.
3. District will obtain, and provide to County, a valid written parent or guardian’s consent to dental treatment for any student to receive dental treatment (screen, fluoride, sealants), unless the student is aged 18 or over, in which case the consent shall be executed by the student. No student shall receive treatment from County without a valid consent.
4. If required for full performance, the Board of the District shall approve this MOU by resolution prior to County staff and subcontractors beginning to operate under the terms of this agreement.
5. The District shall hold harmless, defend with counsel acceptable to County, and indemnify County and its officers, officials, employees and volunteers from and against any and all liability, loss, damage, expense, costs (including without limitation costs and fees of litigation) of every nature arising out of or in connection with District’s responsibilities hereunder or its failure to comply with any of its obligations contained in the agreement, except such loss or damage which was caused by the active negligence, sole negligence or willful misconduct of the County.
6. The District shall each procure and maintain, during the entire term of this MOU the following insurance (as noted) against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by County, its agents, representatives, employees, or subcontractors:
 - a. *General Liability*. A policy of Comprehensive General Liability Insurance which covers all the work and services to be performed under this MOU, including educators’ legal liability, employment practices liability, operations, products and

completed operations, property damage, bodily injury (including death) and personal and advertising injury. Such policy shall provide limits of not less than \$2,000,000.00 per claim or occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

- b. *Coverage and Provider Requirements.* Prior to commencing any work under this MOU, District shall provide County: (1) a certificate of insurance evidencing the coverage required and (2) a notice of cancellation or change of coverage provision indicating that the policy will not be modified, terminated, or canceled without written notice to County.

If the District maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or the higher limits maintained by the District. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

Self-Insured Retentions: Self-insured retentions must be declared to the County. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or County. Any and all deductibles and SIRs shall be the sole responsibility of District. Policies shall NOT contain any self-insured retention (SIR) provision that limits the satisfaction of the SIR to the Named. County reserves the right to obtain a copy of any policies and endorsements for verification.

7. Each Party shall bear its own costs for the staff time involved in performing the tasks described herein.
8. The term of this Agreement shall be from March 1, 2024, to June 30, 2027, with the survival of certain provisions as noted herein.
9. All acts of the Parties, their agents, officers, and employees, relating to the performance of this Agreement shall be performed as independent contractors, and not as agents, officers, or employees of the other Party. Neither Party, by virtue of this Agreement, has the authority to bind or incur any obligation on behalf of, or exercise any right or power vested in, the other Party, except as expressly provided herein. No agent, officer, or employee of one Party is to be considered an employee of the other Party. It is understood by both Parties that this Agreement shall not, under any circumstances, be construed to create an employer-employee relationship or a joint venture.
10. This Agreement may be amended by a writing signed by authorized representatives of the Parties.
11. This Agreement shall be administered on behalf of the Parties by the following persons, to whom any notices or correspondence concerning the MOU shall be directed:

Eastern Sierra Unified School District:

Heidi Torix, Superintendent
P.O. Box 575
Bridgeport, CA 935417

Re: Support for the Bridgeport USFS Housing Water Connection

Dear Senator Padilla:

We are pleased to write this letter in support of Mono County's request for funding in the upcoming Fiscal Year 2025 Congressionally Directed Spending process to extend water services to the United States Forest Service housing compound in Bridgeport, California.

The USFS Housing Water Connection Project would extend the existing water lines in and around Bridgeport, CA, to the local USFS housing facilities. The Bridgeport district facilities house much of the local USFS workforce, many of whom provide first response services and emergency fire-fighting needs. Extension of this water line will allow the existing facilities to limit the use of their on-site well, which has arsenic levels that exceed federal standards for safe drinking water, as well as meet other state and federal water quality standards that are currently not satisfied. Furthermore, extending the water line to the compound will allow for the construction of new housing facilities, which in turn will reduce the number of employees living offsite and improve USFS' ability to attract and retain employees.

Congress' investment in the extension of water services to the USFS housing compound will provide employees living in the facilities with regular access to adequate water and bring the Bridgeport office up to minimum operating standards.

Thank you for your consideration of Mono County's request to fund a water line extension to the USFS facilities in Bridgeport, CA.

Sincerely,

SUPERVISOR JOHN PETERS

The Bridgeport district facilities house much of the local USFS workforce, many of whom provide first response services and emergency fire-fighting needs. Extension of this water line will allow the existing facilities to limit the use of their on-site well, which has arsenic levels that exceed federal standards for safe drinking water, as well as meet other state and federal water quality standards that are currently not satisfied. Furthermore, extending the water line to the compound will allow for the construction of new housing facilities, which in turn will reduce the number of employees living offsite and improve USFS' ability to attract and retain employees.

Congress' investment in the extension of water services to the USFS housing compound will provide employees living in the facilities with regular access to adequate water and bring the Bridgeport office up to minimum operating standards.

Thank you for your consideration of Mono County's request to fund a water line extension to the USFS facilities in Bridgeport, CA.

Sincerely,

SUPERVISOR JOHN PETERS

Re: Review and Declaration of March 5, 2024, Presidential Primary Election Results

Discussion:

On March 5, 2024, the Presidential Primary Election was held. Per Elections Code §15372, the elections official shall prepare a certified statement of the results of the election and submit to the governing body within 30 days of the election. Per Elections Code §15400, the governing body shall declare elected or nominated to each office voted on at each election under its jurisdiction the person having the highest number of votes for that office, or who was elected or nominated under the exceptions noted in Section 15452. The governing board shall also declare the results of each election under its jurisdiction as to each measure voted on at the election.

Following the canvass of the election, the results of each election contest are on the attached Certification of Vote.

The Mono County Board of Supervisors shall approve as correct the Statement of Votes for the March 5, 2024 Presidential Primary Election and Declare elected to office the following candidates who received the highest number of votes in each contest of the Election:

Judge of the Superior Court: Gerald F. Mohun, Jr.
County Supervisor, District 2: Rhonda Duggan
County Supervisor, District 3: Paul McFarland
County Supervisor, District 4: John Peters

The Mono County Board of Supervisors shall approve as correct the Statement of Votes for the March 5, 2024 Presidential Primary Election and Declare the following results of each measure voted on at the election:

Measure "I" (Mammoth Unified School District Educator Housing and School Safety and Renovation Measure) received 53.1% number of yes votes rather than the required 55% and therefore did not pass.

Discussion

On November 21, 2023 the Board directed staff to work with the local tribal members to finalize a land acknowledgment that could be included on the Board of Supervisors agendas for all Board meetings. Staff reached out to all the tribes in Mono County and received a proposed land acknowledgment from Charlotte Lange of the Mono Lake Kutzadika tribe. The proposed acknowledgment is as follows:

In respect to the Indigenous People and Tribal Elders, past, and present, the Bridgeport Indian Colony, Mono Lake Kutzadika Tribe, and Utu Utu Gwaitu Tribe are the indigenous People who live within this, their ancestral homeland from time immemorial to the present and have been the caretakers of these lands, waters, and all natural resources for the benefit of the environment and of all living things. We who live in Mono County offer this land acknowledgment with a spirit of mutual respect and collaboration.

If the Board finds the draft land acknowledgment acceptable staff will work with the Clerk's office to incorporate the acknowledgement on Board of Supervisors agendas.

**Re: SHORT-TERM RENTAL HOUSING STUDY POLICY RECOMMENDATIONS AND
MORATORIUM STRATEGY**

BACKGROUND

On May 3, 2022, the Mono County Board of Supervisors (hereinafter, the “Board”) imposed a moratorium on new short-term and transient rentals, defined as nightly rentals of 30 or fewer days, in all single-family residential units regardless of land use designation. The moratorium was adopted as an urgency measure under Government Code §65858 and was extended on June 14, 2023, for 22 months and 15 days, expiring on April 29, 2024.

The urgency moratorium on new short-term and transient rentals in all single-family residential units was implemented, in part, to allow time to study the effects of single-family and multi-family short-term rentals (“STRs”) on the Mono County housing market and economy (the “STR Study”). Mono County contracted with MIG, Inc., who brought on BAE Urban Economics, Inc. (together with MIG, Inc., the “study consultants”), in October 2023. The STR Study provided information to evaluate Mono County’s regulations regarding STRs in both single- and multi-family residential units in order to assist with the determination of next steps.

At the February 20, 2024, meeting, the Board received a presentation on the STR Study information and results, discussed potential policy options, and provided direction to staff on policy options of interest. The Board additionally directed staff to conduct outreach to the communities through the Regional Planning Advisory Committees (RPACs). Presentations were given at the following RPACs and input was gathered through a “sticky star” exercise wherein participants could indicate policies they support and oppose:

- Antelope Valley RPAC: March 7
- Bridgeport Valley RPAC (no quorum): March 14
- Mono Basin RPAC (no quorum): March 13
- June Lake Citizens Advisory Committee: March 6
- Long Valley RPAC: March 21

In addition, the Planning Commission received a presentation on the study and provided feedback on the potential policy options on March 21. Two Commissioners were absent.

The remainder of this staff report analyzes the public input in order to make recommendations on the policy options and a strategy for handling the expiration of the moratorium on April 29. To revisit information about the STR Study, please see the February 20 staff report and Board meeting recording posted at <https://www.monocounty.ca.gov/bos/page/board-supervisors-205> (staff report) and https://monocounty.granicus.com/player/clip/1094?view_id=1&redirect=true (meeting recording). The study is available at https://monocounty.ca.gov/sites/default/files/fileattachments/planning_division/page/5732/mono_county_short_term_rental_study_final2.pdf.

DISCUSSION

As a reminder, the moratorium applies only to single-family residential units while the study and the following policy recommendations apply to both single- and multi- family residential units in all land use designations.

Community Input

A presentation summarizing the STR Study information, conclusions, policy options and initial Board preferences, along with the public survey results, was provided to the RPACs, followed by a “sticky star” input activity. Participants were given star stickers to indicate support or opposition for the various potential policies. The instructions were to apply a sticker to a policy only once, but participants could sticker as many of the policies as desired. The color of stars was not important – they all indicate support – except red stars were reserved to indicate opposition. Attachment 1 provides the initial input from the Board of Supervisors together with the result of community input. In general, consensus on the various policy items, whether for or against, was remarkably high. Only a few policies did not have strong consensus.

While STR discussions in the past have typically resulted in high attendance at RPAC meetings, this round of outreach did not result in significant numbers. Between the five RPACs and Planning Commission meeting, a total of 40 people, including appointed members and commissioners, participated in the discussion, and two RPACs did not have a quorum.

Policy Recommendations

The policy feedback from the Board of Supervisors, Planning Commission, and communities has been grouped into several categories, including 1) positive response – recommended for inclusion, 2) negative response – recommended for exclusion, and 3) uncertain – policy direction requested from the Board. All policies can be included in the General Plan and/or Mono County Code Chapter 5.65 as applicable; however, not all policies fall within the authority and mission of the Community Development Department (CDD) for implementation. In those cases, the CDD will collaborate with the relevant departments to indicate the responsible party in the policy.

1. Positive Consensus to Implement

Policy Objective: Limit or decrease the number of existing STRs.

- Set a numeric cap on STR permits in June Lake.

Note the Planning Commission thought caps should be considered by geographic location but did not restrict the cap issue to only June Lake, and two participants from June Lake opposed this policy. This policy is recommended based on input from other communities and the Board, and the data that indicates a concentration of STRs in June Lake. Direction on setting the cap is requested; some options include setting the cap at the existing number of permits plus some amount to provide for some amount of growth and/or an adjustment period, or based on percent of STRs of total housing units or visitor accommodation units.

Policy Objective: Prevent neighborhood impacts and nuisances.

- Retain existing permitting requirements.
- Increase violation fees.
- Increase compliance staffing.

This policy item will return as part of the County’s September budget discussion.

- Increase compliance standards.

Increased standards would be those related to a higher unit quality that goes above and beyond public health and safety requirements. Two Commissioners felt the quality of the unit beyond health and safety requirements should be the decision of the homeowner.

Policy Objective: Discourage business investment in or commodification of housing.

- Implement a waiting period before any new property owner can apply for a STR permit.

The policy analysis suggested one year; comments at RPAC meetings suggested up to five years. One Planning Commissioner suggested three years. Direction on a timeframe is requested from the Board.

- Prohibit short-term rental permits for a specified period where an eviction has occurred on a property in the previous two years.

Direction on a timeframe is requested from the Board.

- Amend language in the code regarding property rights to state STR permits do not run with the land.

Policy Objective: Preserve and encourage availability of workforce housing units.

- Require the same approval process for multi-family residential units as single-family residential units.
- Partner with an organization to create a renter-owner matching program (non-profit, partnership).

The Board expressed uncertainty about this policy. The community was supportive (7 in favor, one opposed), potentially indicating a community need. The Planning Commission was supportive and suggested checking on the program in the Town for effectiveness and for a model to potentially follow.

Policy Objective: Increase available bed base without affecting long-term rental availability.

- Allow “hosted” STRs and change county definitions and regulations for “occupied” STRs.

Policy Objective: Encourage development of new workforce housing units.

- Publicize the County's pre-approved accessory dwelling unit (ADU) plans.
- Highlight State housing laws that ministerially allow 100% affordable housing developments.
- Offer loans and/or grants for building or rehabilitating or preserving long-term housing.
- Allow one new STR to be permitted for three new workforce housing units, based on the job generation rate.

This policy generated some discussion about whether a reduced ratio of 1:1 is appropriate because a net increase in long-term housing would still result. The Planning Commission supported the proposed ration but suggested removing the “job generation rate” language.

- Partner with Sierra Business Council or create a new position to help housing development applicants through the development review and permitting process.

The Board did not specifically discuss this issue; the Planning Commission was supportive given the quality of applications they often review. The public was slightly in favor, potentially suggesting some level of public need.

Policy Objective: Adjust to the market and STR trends.

- Consolidate STR permitting and tracking and create a universal tracking system.

Unless the Board provides other direction, the assumption is that the more restrictive permitting process of a use permit plus short-term rental activity permit should apply.

- Collect code compliance data.
- Track and report on STR transient occupancy tax revenue.
- Track and report on STR permit activity and trends in the county's annual report.

Policy Objective: Create an equitable permitting process.

- Consolidate the permitting process into a single unified procedure with a single set of terms and requirements for all permits, regardless of land use designation.
- Continue to require annual renewals for all STR Permits.

Policy Objective: Engage with regional partners.

- Encourage the Town of Mammoth Lakes to regulate STRs.

2. Negative Consensus – Recommended for Exclusion

Policy Objective: Limit or decrease the number of existing short-term rentals.

- Set a numeric cap on STR permits countywide.
The preference was to set caps by geographic location based on a general consensus that a “one size fits all” approach is not effective.

Policy Objective: Discourage business investment in or commodification of housing.

- Prohibit new STRs.

Policy Objective: Preserve and encourage availability of workforce housing units.

- Require a minimum STR size (floor area) for new STR permits.
The Board expressed uncertainty about this policy, and the community discussions raised an equity concern that property owners with smaller units generally have less money and will be unable to make an income from short-term rentals, while property owners with larger units are generally wealthier and will be able to rent and continue making money. The Planning Commission and community input (12 against, one in favor) were opposed. The recommendation is to exclude this policy.

Policy Objective: Increase available bed base without affecting long-term rental availability.

- Exempt hosted rentals from a permit cap (if adopted) or allow in zones that don't otherwise allow STRs.
The Board was supportive, the community input was split (two in favor, two opposed), and the Planning Commission mostly responded negatively (one uncertain, two opposed). The Planning Commission’s rationale was that a community’s preference for prohibition should be upheld. The recommendation is to exclude this policy.

Other options

- If a second homeowner rents long-term, pay for their lodging when they visit the area.
This policy was discussed in the report but not part of the presentation to the Board. Community feedback was slightly negative (four in favor, eight opposed). The Planning Commission was uncertain (one in favor, two uncertain). The recommendation is to exclude this policy.

3. No Consensus and/or Policy Direction Requested

Policy Objective: Limit or decrease the number of existing STRs.

- Set a numeric cap on STR permits in locations other than June Lake.
The Board did not specifically comment; the community input was sparse with two in favor; the Planning Commission favored this policy over specifying June Lake. This policy may be unnecessary given the low number of STRs outside June Lake. The recommendation is to take no further action on this policy unless the Board wishes to provide direction on which communities should be capped.
- Change the General Plan and Zoning Code and prohibit STRs in some or all residential areas.
The Board did not specifically comment; the community input was sparse with a slightly negative response (two in favor, four opposed). The Planning Commission was in favor if prohibitions are requested by specific communities. Significant outreach was conducted in past policy development about where to prohibit STRs and appears to be working well. The recommendation is to take no further action on this policy unless a specific community requests consideration.

Policy Objective: Discourage business investment in or commodification of housing.

- Amend definition of STRs of residential properties to include fractional ownership and/or time shares.
The Board was in favor of this policy. Community input was sparse with no opposition. The Planning Commission requested more information.

Policy Objective: Increase available bed base without affecting long-term rental availability.

- Allow a long-term renter to occupy an ADU on a property while allowing STRs in the main home.
- Allow an ADU to be an STR if the main unit is occupied by the owner or a long-term renter.
The Board responded negatively to both policies above and the Planning Commission was split (two in favor, one opposed). The community input was in favor (9 in favor, 0 opposed and 6 in favor, one opposed, respectively). The general rationale was that if a long-term residential unit is being provided on the property, then allowing an STR is a reasonable trade-off. Board direction is requested.

Moratorium Strategy

A new emergency moratorium under Government Code §65858 can only be adopted “provided that the new interim ordinance is ... to protect the public safety, health, and welfare from an event, occurrence, or set of circumstances different from the event, occurrence, or set of circumstances that led to the adoption of the prior interim ordinance.” The circumstance leading to the initial moratorium, which was the potential impact of STRs on the housing stock in unincorporated Mono County, has not changed. Therefore, a new emergency moratorium is not recommended.

Alternative Strategy to New Moratorium

In lieu of a new moratorium, a strategy is proposed to ensure a thorough evaluation of short-term rental proposals in any land use designation via a public decision-making forum while final policies are developed and adopted. The strategy includes the following components, which the Board should modify as desired and direct staff to bring back as a resolution at the April 16 Board meeting:

1. Find that short-term and transient rental projects are controversial, and any such projects subject to a Director Review Permit shall be elevated to a Use Permit pursuant to General Plan Land Use Element (GP LUE) §31.010, which states, “[i]f the Director determines during the application review that the project is controversial ... then a use permit shall be required per Chapter 32.”

Traditional hotel/motel and bed-and-breakfast establishments are exempted and subject to the process set forth in the applicable land use designation.

Impact:

- Director Review permits under the following land use designations will be elevated to a Use Permit: Commercial (C), Commercial Lodging (CL) for 2-3 units under single ownership, Mixed Use (MU), and Natural Habitat Protection (NHP) for up to three units. Prior to the moratorium, typically 2-4 applications were processed each year.
 - In Commercial Lodging (CL), transient rental of a single unit under individual ownership is permitted outright and would remain as such. Transient rental of four or more units is subject to a use permit.
 - Residential land use designations are not affected as these projects would remain subject to the existing permitting process of a use permit approved by the Planning Commission and a Short-Term Rental Activity permit approved by the Board of Supervisors.
 - In all other land use designations (and in CL for four or more units), short-term or transient rentals are either subject to a use permit or prohibited. Multi-family residential properties are addressed separately below.
2. Short-term/transient rentals are prohibited in the Multi-Family Residential Low and Medium (MFR-L and MFR-M) land use designations except in complexes where transient use is not specifically addressed in the approval documents and can be demonstrated as a nonconforming use, such as Interlaken, Edgewater, and Sierra Suns in June Lake. Of the 90 overnight rentals in June Lake, 57 (or 63%) are transient rentals in the MFR-L and MFR-M designations.

The Board could direct staff that the existing non-conforming findings set forth in GP LUE §34.020¹ cannot be made for transient rentals in the MFR-L and MFR-M land use designations, and therefore future transient rentals are prohibited unless the land use designations are modified.

Impact:

- New transient rentals in grandfathered condominium complexes will no longer have a pathway for legal approvals.
 - Existing approved transient rentals may continue to operate. If a unit changes ownership, the new owner will not have a pathway for a legal transient rental.
 - Because multi-family units have been grandfathered in the past and therefore avoided recent policy controversies, condominium unit owners may not be following this discussion and may be unaware of these proposed changes.
3. Direct staff that existing transient rentals approved via Director Review permit or business license remain in place until the property changes ownership. The new owner will be subject to the procedures above or the applicable existing/new regulations (if/when adopted).

¹ Mono County General Plan Land Use Element §34.020, nonconforming use findings:

- A. Alterations of the nonconforming use shall not be detrimental to the intent of the land use designations, objectives and policies, specified in this General Plan.
- B. The granting of permission to alter the nonconforming use shall not be substantially detrimental to the public health, safety or welfare or injurious to the property or improvements in the vicinity or adversely impact the surrounding properties more than the existing nonconforming use.
- C. The alteration shall not increase the intensity of the use-category of the land, building or structure.
- D. If the proposed alteration could generate public controversy, the Director shall refer the application to the Planning Commission for its consideration.

4. Direct staff that existing Short-Term Rental Activity permits shall continue to be renewed subject to the Mono County Code. If a property changes owner(s), the new owner(s) are subject to existing regulations which require a new Short-Term Rental Activity permit approved by the Board.

No Action Alternative

Another option is to allow the moratorium to expire and take no action. In that case, the existing regulations will continue to apply to new short-term and transient rental proposals until a new set of policies and regulations are adopted.

NEXT STEPS

Policy Revisions

Based on the Board's policy directives, staff will begin drafting General Plan and County Code revisions. The draft policy language will be vetted by RPACs and the Planning Commission prior to returning to the Board for consideration of approval.

Moratorium Expiration

The direction from the Board, whether the above recommendation with any modifications or other direction, will be drafted into a resolution and brought back to the April 16 meeting on the consent agenda. If the Board chooses to take no action upon the expiration of the moratorium, then no further action is needed at the April 16 Board meeting.

SUBJECT Ordinance Amending Section
2.04.030 of the Mono County Code -
Board of Supervisors Compensation

AGENDA DESCRIPTION:

(A brief general description of what the Board will hear, discuss, consider, or act upon)

Proposed ordinance amending section 2.04.030 of the Mono County Code to set and maintain salaries for members of the Board of Supervisors at 26.5% (for Supervisors) and 28.5% (for the Chair) of the salaries of State Court Judges.

RECOMMENDED ACTION:

Introduce, read title, and waive further reading of proposed ordinance. Direct staff to agendize the ordinance for adoption at the next regular meeting of the Board.

FISCAL IMPACT:

Approval of the salary adjustment ordinance for the Board will increase Board compensation from \$4,792 to \$5,266 per month for regular Board members (an increase of \$474) and from \$5,200 to \$5,664 per month (an increase of \$464) for the Chair position. The projected annual fiscal impact for a full fiscal year is estimated to be \$31,239. Board salary and benefit costs will change in future fiscal years as superior court judge salaries change.

Discussion

The proposed ordinance is presented to align with the timing of adjustments to the policies governing compensation of the County’s at-will and elected manager and department head positions. However, in lieu of tying Board salaries to comparable counties and salary surveys, the ordinance proposes that Board salaries instead be set as a percentage of the salaries paid to state court judges, as is the practice in many other counties.

The salaries of state court judges are established by Government Code Title 8, Chapter 1.5 of the California Government Code, commencing with section 68200. Section 68203 of that Chapter provides for annual increases to judges’ salaries in an amount produced by multiplying the current salary of each justice or judge by the average percentage salary increase for the fiscal year for California state employees. Further, in any year in which the Legislature places a dollar limitation on salary increases for state employees, the same limitation shall apply to judges in comparable wage categories.

Section 2.04.030 of the Mono County Code currently sets Board Member salaries at \$4,792 per month for regular members and \$5,200 per month for the Chair of the Board. Any increase or change to those amounts would be accomplished through adoption of an ordinance by the Board amending the County Code.

The proposed ordinance would replace these provisions with language specifying that regular Board Member salaries would be set at 26.5% of the salary paid to judges of the superior courts of California (\$63,196.94) and the Chair’s salary would be set at 28.5% of the salary paid to such judges (\$67,966.52). Annual increases would be automatic to

maintain said percentages.

ORD24-__

**AN ORDINANCE OF THE MONO COUNTY BOARD OF SUPERVISORS
AMENDING SECTION 2.04.030 OF THE MONO COUNTY CODE
TO SET AND MAINTAIN SALARIES FOR MEMBERS OF THE BOARD
OF SUPERVISORS AS A PERCENTAGE OF THE SALARIES
OF STATE COURT JUDGES**

WHEREAS, Government Code sections 68200 et seq. establish a system for setting and revising the salaries of judges and justices of the courts of the State of California, which utilizes the average annual increase in salaries for State employees to determine and adjust the salaries of judges and justices; and

WHEREAS, pursuant to Article II, Section 1 of the California Constitution, the salaries paid to members of the Board of Supervisors are set and revised by ordinance adopted by the Board, without reference to any guidelines, process, or comparison group; and

WHEREAS, the Board of Supervisors wishes to implement a system for setting and revising the salaries of its members and the chair of the Board utilizing the process applicable to judges and justices under California law in order to eliminate the arbitrary setting of salaries by the Board and to implement a uniform process;

NOW, THEREFORE, THE BOARD OF SUPERVISORS OF THE COUNTY OF MONO ORDAINS that:

SECTION ONE: Section 2.04.030 of the Mono County Code, “Compensation” is hereby amended in its entirety to read as follows:

“Effective beginning with the first full pay period in July of 2024, the following shall apply:

- A. The salary of members of the board of supervisors not serving as chair shall be 26.5% of the salary paid to judges of the superior courts of California as calculated pursuant to Government Code section 68203 or any successor thereto. Any future changes to the salaries of said judges shall apply, prospectively only, to the salaries of members of the board of supervisors as necessary to maintain the members’ salaries at 26.5%.
- B. The salary of the chair of the board of supervisors shall be 28.5% of the salary paid to judges of the superior courts of California as calculated pursuant to Government Code section 68203 or any successor thereto. Any changes to the salaries of said judges shall

1 apply, prospectively only, to the salary of the chair of the board of supervisors as
2 necessary to maintain the chair's salary at 28.5%.

3 C. Members of the board and their dependents shall be entitled to the same medical care,
4 dental care, and vision care coverage provided to all county employees, and to the same
5 term life insurance provided to all county department heads (elected and appointed).
6 Members of the board shall also continue to have the option of being members of the
7 California Public Employees Retirement System (CalPERS), and shall be responsible
8 for paying the employee's share of any retirement contributions owed to CalPERS as
9 determined by the County's contract with CalPERS and County policy, and also any
10 employee share of the "normal cost" of retirement benefits that may be mandated by
11 the Public Employees' Pension Reform Act of 2013 (PEPRA)."

12 **SECTION TWO:** In accordance with Government Code section 25123.5, this ordinance
13 shall become effective 60 days from the date of its adoption and final passage, which appears
14 immediately below. The Clerk of the Board of Supervisors shall post this ordinance and also
15 publish it in the manner prescribed by Government Code Section 25124 no later than 15 days
16 after the date of its adoption and final passage. If the Clerk fails to publish this ordinance within
17 said 15-day period, then the ordinance shall not take effect until 60 days after the date of
18 publication.

Re: Adoption of the updates to the Management Compensation Policy, Management Benefits Policy, and At-Will Salary Matrix to incorporate the results of the Management Class and Compensation Study

Strategic Plan Focus Area(s) Met

- A Thriving Economy
- Safe and Healthy Communities
- Mandated Function
- Sustainable Public Lands
- Workforce & Operational Excellence

Discussion

In June 2021 the Board adopted the most recent revisions to the Management Compensation Policy (Comp Policy). Among the provisions in that policy was the requirement to conduct a compensation study in 2024. In early 2023, the Board directed staff to initiate the study early, due in part to the significant increases in the Consumer Price Index (CPI). After a formal procurement process, BakerTilly was selected, and the study began in June 2023.

As a part of this process, BakerTilly sent a questionnaire out to all at-will employees, and used this data to compare duties to positions in the comparison jurisdictions. Based on Board direction, the comparison jurisdictions were the counties of Amador, Calaveras, Colusa, Inyo, Madera, Mariposa, Nevada, Siskiyou, Sutter, Tehama, Trinity, Tuolumne, and Yuba as well as the Town of Mammoth Lakes. BakerTilly's process required a 75% overlap in duties for the positions to be considered a match, and a position had to have at least four matches for the survey data to be considered valid and included in the results. One position did not have at least four matches, so BakerTilly's recommendation was based on a score generated by a proprietary system based on the requirements of the position. Staff then worked to adjust this position based on internal comparisons. BakerTilly's work was based solely on the duties of the job and not the incumbent or the incumbent's time in service.

The existing Comp Policy had language specific as to where incumbents would be placed within the range of the matrix based on the survey results. However, this assumed that

the matrix would not change, and BakerTilly recommended a new matrix. The existing policy had the following provisions:

- If survey results show a position is <2.5% below market, then the salary would not be modified
- If results show a position is >2.5% below market, then the position would move to the next Range on the existing matrix, to the Step that is closest to (but not less than) the current salary
- If results indicate that the Range for a position should change, then the position is moved to the Step in the new Range that is closest to (but not less than) the current salary

Staff worked with BakerTilly to assign employees to the new matrix consistent with the Comp Policy. In doing so, we identified some inconsistencies with the results. In addition, the current Comp Policy establishes anniversary dates, and therefore step increases as of July 1, so many of these employees would be eligible for a 5% step increase in just a few months. Recognizing these challenges, and the value of the work provided by the at-will employees, the Board directed staff to make the following modifications, which are now incorporated into the proposed Management Compensation Policy before you for approval today.

- In recognition of upcoming step increases of 5%, all employees would be advanced one step on the matrix, essentially granting step increases as part of implementation. The only exception to this is for employees who were already at E step of the new matrix.
- If a staff member is currently eligible for performance pay, meaning that they were at “E” step on July 1, 2023, they would be placed on the matrix one step above the guidelines.
- The anniversary date for these employees will now be March 31 of each year.
- In recognition of the importance of remaining competitive in the market, the revised policy includes language for the Board to approve annual COLA’s, based on the Riverside CPI, not to exceed 2%/year implemented in January annually.

The Revised Comp Policy also includes other language, based on Board direction:

- Salary surveys shall be conducted every 5 years, instead of every 3. It is believed that with annual COLAs, salaries will be competitive and this frequency is appropriate.
- The following changes were made to the methodology for future salary surveys, including:
 - Market shall be at average of the mid-range salary, changed from 65th percentile of the top range salary.
 - Provides the Board discretion whether to survey every position or to survey benchmark positions and establish others based on internal relationships to benchmarked positions, which is believed to better address the uniqueness of Mono County.
 - Survey jurisdictions can include cities and will be consistent with the jurisdictions used in the upcoming MCPE survey.
 - The CAO may conduct employee evaluations any time during the year prior to the March 31 step increase. The current policy requires all evaluations on July 1, which isn’t realistic given the CAO’s workload.
 - For those employees currently on a performance pay plan, the plan will continue through June 30, 2024. Any payment based on successful completion of that plan will be based on the salary effective March 30, 2024 (pre-implementation salary).

The survey also indicated that three positions are currently being compensated at a rate higher than market rate. These three employees will be y-rated. This means that these employees will not receive COLAs until the “E” step of the target range reaches their current salary.

In addition to the changes in the Comp Policy, staff is presenting changes in the Management Benefits Policy (Benefits Policy) based on issues identified since the last update, as well as to ensure consistency with the bargaining units. These changes include:

- Allows CalPERs or “other comparable” insurance, instead of specifying CalPERs.
- Adds language tying use of overtime pay/CTO to MCPE MOU language for those at-will positions that do not meet the Fair Labor Standards Act definition of exempt.
- Provides 5% match to 401(a) effective as soon as practicable to align with MCPE.
- Removes vesting from 401(a) effective no later than January 2025 to align with MCPE.
- Adds language tying at-will holidays to bargaining units.
- Codifies 6 months’ severance pay for department heads, changes to 2 months for non-department heads (new hires after May 1, 2024, only).
- Adds a provision allowing moving expenses up to \$5,000 for newly-hired at-will employees relocating from a distance at least as far away as set forth in the IRS Code (with pro-rata reimbursement if employee voluntarily separates within 2 years).
- Makes various non-substantive clarifications and removes obsolete provisions/references.

The at-will employees of Mono County are the front-line service providers for our residents and visitors. Management recommends adoption of these changes to recognize the contributions made by this dedicated group of employees.

BOARD OF SUPERVISORS ADOPTING AN UPDATED AND AMENDED
POLICY REGARDING THE COMPENSATION
OF AT-WILL AND ELECTED MANAGEMENT-LEVEL OFFICERS
AND EMPLOYEES TO SUPERSEDE AND REPLACE THE POLICY
ENACTED BY RESOLUTION R21-44 IN 2021**

WHEREAS, by Resolution R21-44, adopted by the Board of Supervisors on June 15, 2021, the Board adopted and implemented a Policy Regarding the Compensation of At-Will and Elected Management-Level Officers and Employees (hereafter the 2021 Management Compensation Policy); and

WHEREAS, since that time, the Board has determined that revisions and updates are required, and the Board now wishes to make said revisions and updates through adoption of the attached Policy Regarding the Compensation of At-Will and Elected Management-Level Officers and Employees which shall supersede the 2021 Management Compensation Policy;

NOW, THEREFORE, THE BOARD OF SUPERVISORS OF THE COUNTY OF MONO RESOLVES that:

SECTION ONE: The *Mono County Policy Regarding the Compensation of At-Will and Elected Management-Level Officers and Employees* (“Management Compensation Policy”) attached hereto as an exhibit and incorporated by this reference is hereby approved and adopted and shall supersede and replace, in its entirety, the 2021 Management Compensation Policy adopted by the Board of Supervisors through Resolution R21-44.

SECTION TWO: The County Administrative Officer, in conjunction with the Finance Director and department heads shall administer the Management Compensation Policy to effectuate the stated goal, inter alia, of providing a fair, consistent, long-term approach to compensating the County’s at-will management-level officers and employees.

**MONO COUNTY POLICY REGARDING
COMPENSATION OF AT-WILL AND ELECTED MANAGEMENT-LEVEL
OFFICERS AND EMPLOYEES
Adopted April 2, 2024**

I. INTRODUCTION

The purpose of this policy is to provide a fair, consistent, long-term approach to compensating the County's at-will, and where applicable elected, management-level officers and employees and to remain competitive in the marketplace in order to attract and retain high quality employees. Under this policy, covered positions will be compensated at a level equal to at least the average of the surveyed salaries taking into consideration internal equity, of the surveyed jurisdictions when they reach Step C in the Salary Matrix. Annual cost of living adjustments (COLA) will be made to salaries and a salary survey of benchmark positions will occur every five years to maintain the average salary/internal equity market position objective. In the event that conduct of the survey is delayed for any reason, it shall be commenced as soon as reasonably practicable. Under this policy appointed (non-elected) employees, upon reaching Step E on the matrix, may also earn temporary, additional "performance pay" as an incentive for rendering high levels of exemplary service to the County in accordance with pre-established standards and goals.

II. DEFINITIONS

For the purposes of this policy, the following definitions shall apply:

- A. Anniversary Date. The Anniversary Date is the date Step increases are implemented for eligible employees. For at-will positions which are not vacant as of April 2, 2024, the Anniversary Date shall be March 31, 2024. For positions which are vacant, subsequently created, or which subsequently become vacant after April 2, 2024, the Anniversary Date is the start date of employment in the position by the employee filling the position.
- B. Base Salary. Base Salary means minimum salary. Base Salary does not include the value of any non-monetary benefits nor any additional amounts paid or reimbursed by the County as part of an individual's compensation package, such as insurance premiums, cell-phone allowance, membership dues, or travel and educational expenses.
- C. Benchmark Positions. Where the Board of Supervisors determines that a salary survey conducted under this policy shall include only certain specified positions, those positions are Benchmark Positions, and the salary for all other Covered Positions shall be determined as a percentage of Market Salary for the appropriate Benchmark Position.
- D. Control-Point Salary. The average of the raw (unadjusted) salary data obtained from surveying positions at comparable jurisdictions. Control-Point Salaries may be adjusted as needed to ensure internal equity to arrive at "Market Salary" for a position.
- E. Covered Position. At-will and elected management-level positions of Mono County that are covered by this policy. See also Section III.

- F. Department Head. Department Heads include the following appointed and elected officials: Assessor, Director of Behavioral Health, County Administrative Officer, Clerk-Recorder/Registrar of Voters, County Counsel, Director of Community Development, District Attorney, Director of Economic Development, Director of Finance, Director of Information Technology, Chief of Emergency Medical Services, Chief Probation Officer, Director of Health and Human Services, Sheriff, Director of Public Works, and any other department head position which may be created by the County while this policy is in effect.
- G. Elected Official. Elected Official means members of the Board of Supervisors, the District Attorney, Assessor and Sheriff.
- H. Market Salary. Market Salary means the Control-Point Salary for a position which has been adjusted, if needed, to obtain internal equity among positions at Mono County and, for non-Benchmark Positions, multiplied by the specified percentage (or ratio) of the appropriate Benchmark Position. Market Salary is reflected as Step C of each Range on the Salary Matrix.
- I. Salary Matrix. Salary Matrix is the chart or graph showing Base Salaries (with Ranges shown as vertical rows and Steps as horizontal columns) for at-will management level positions adopted by resolution of the Board of Supervisors. In the event of a conflict between an adopted Salary Matrix and this policy, the Salary Matrix shall govern.
- J. Y-Rated. When a salary survey conducted pursuant to this policy indicates that the salary for a Covered Position is at or above the salary identified as Step E for the position, the salary shall not be subject to cost-of-living adjustment, performance pay, or other adjustment (i.e., the salary shall be “Y-Rated”). The salary for a Y-Rated position shall remain unchanged until a subsequent salary survey increases Step E of the salary range to a level that is greater than the existing salary. Upon such occurrence the position shall no longer be Y-Rated and the position’s salary shall thereafter be adjusted in accordance with this policy.

III. COVERED POSITIONS

- A. This policy shall apply to the following County positions (Covered Positions), except as otherwise provided in the policy:
 - i. Appointed and elected department head positions; and
 - ii. At-will management-level, deputy, and assistant department head positions; and
 - iii. All other at-will positions where so indicated in the terms and conditions of employment for the position.
- B. On a case-by-case basis as determined by the Board of Supervisors this policy shall not apply to any position, the duties or work of which generally demand fewer than 40 hours of personal time per week; to any independent contractor; nor to any person who serves the County pursuant to a

contract with another public agency. The Board of Supervisors may, in its discretion, extend or otherwise apply any of the principles of this policy to positions other than those described above.

IV. SALARY SURVEY

- A. Survey Jurisdictions. Every five years, or as close thereto as reasonably practicable, the County shall survey the salaries of Covered Positions (or of Benchmark Positions, in the discretion of the Board of Supervisors) in those jurisdictions identified in the most recently-completed salary survey for the Mono County Public Employees (MCPE) bargaining unit. The Board may, in its sole discretion, substitute other California jurisdictions or add to or delete from the list of comparable jurisdictions, as appropriate, to sustain optimized and relevant comparisons for future surveys.
- B. Survey Methodology and Assumptions. Positions in surveyed jurisdictions with similar or identical titles to Covered Positions (or Benchmark Positions if used) in Mono County shall be conclusively presumed to be fair and reasonable comparisons to Mono County positions, regardless of any actual differences in duties, responsibilities, skill level, level of effort or other factor. The average salary obtained from such survey salaries and, for Benchmark-only surveys the assigned ratio between positions, shall be determined. Other positions may be included or excluded in future surveys for comparison in the discretion of the CAO based on best human resources practices at the time of the survey, and as new information or clarity emerges regarding position duties, titles, or responsibilities.
- C. Adjustment for PERS Contributions. The practices of comparable jurisdictions related to employee/er PERS contributions shall be considered in order to most fairly and equitably compare the Base Salaries in those jurisdictions to Base Salaries in Mono.
- D. Determination of Market Salary. The average salary of surveyed positions among the survey jurisdictions will be calculated and then adjusted to take into account internal equity considerations, where needed, to determine Market Salary. Where only Benchmark Positions are surveyed, the Market Salary for each Benchmark Position shall then be used to determine Market Salary for each non-Benchmarked Position.
- E. Benchmark Positions. Prior to each salary survey, a recommendation shall be made by the CAO regarding whether all Covered Positions should be surveyed or only Benchmark Positions. If the CAO recommends that only Benchmark Positions be surveyed, he or she shall provide the Board with a list of such positions and specify how the salaries for all remaining Covered Positions shall be determined based on the surveyed Benchmark Positions. The Board of Supervisors shall be the ultimate decision maker with respect to whether the survey will include all Covered Positions or only Benchmark Positions and, if only Benchmark Positions, the appropriate relationship between a Benchmark Position and other positions.
- F. Establishing Steps within Salary Ranges. There shall be a five-step salary range for each non-elected at-will position (i.e., Steps A, B, C, D, and E), with five percent (5%) between each step. (The middle Step C shall be equal to the Market Salary.) There are no steps for elected positions,

and instead a single salary shall be set for such positions and reflected in the Salary Matrix or by separate resolution.

- G. Salary Range Structure. Base Salaries for Covered (non-elected) Positions will be managed using a Salary Matrix adopted by the Board of Supervisors and administered by the county. The Salary Matrix shall include position titles and Base Salary for each salary range and for each step in the five-step series.
- H. Position Placement in Salary Matrix. Covered (non-elected) Positions shall be assigned to the Salary Matrix based on: 1) Control-point data from the most-recent salary survey for Covered Positions or Benchmark Positions, as applicable; 2) for non-Benchmark Positions, if any, the assigned percentage of the applicable Benchmark Position; and/or 3) appropriate internal salary alignments that take into account salary compaction and relative job value using relevant compensable factors.
- I. Salaries for Elected Officials. Salaries for elected Department Head positions (Assessor, District Attorney and Sheriff) shall be set at a single Market Salary and shall be adjusted to reflect cost of living under this policy and based on salary surveys and corresponding adjustments to the Salary Matrix. Salaries for members of the Board of Supervisors are set forth in Mono County Code section 2.04.030 and are not governed by this policy.

V. ONGOING IMPLEMENTATION

- A. Adjustments to the Salary Matrix following a Salary Survey. Following a salary survey, or at such other time as may be determined by the Board in its sole discretion, the County shall adjust the Salary Matrix to reflect changes in Base Salary resulting from the survey or other market factors. Positions which are determined to be below Market Salary will be adjusted in accordance with the salary survey, taking into account affordability to the county and Board priorities.
- B. Movement Between Steps (applicable only to Non-Elected Employees). Movement from one step to the next in the Salary Matrix is dependent on the employee exceeding standards for their position as identified in their annual evaluation. Performance will be reviewed by the employee's supervisor prior to the employee's Anniversary Date each year. Upon achieving a score that exceeds standards, an employee's Base Salary will move to the next step effective as of the Anniversary Date, and so on, until the employee reaches Step E. It is the employee's responsibility to maintain performance that exceeds standards. Failure to do so will result in the employee not advancing upward in the Salary Matrix for their position.

VI. PERFORMANCE GOALS AND PAY – applicable only to Non-Elected Employees

- A. Amount. For appointed (i.e., non-elected) at-will management-level employees who have reached Step E of the range for their position and whose performance exceeds standards for their position as identified in their annual evaluation, the County may temporarily pay up to five percent (5%) of the employee's Base Salary, in addition to the Step E compensation, as an incentive for the employee to achieve established performance goals. Elected officials (Board of Supervisors, District Attorney, Assessor and Sheriff) are not eligible to receive performance pay.

- B. Establishment of Performance Goals. Performance goals shall be specific, measurable, achievable, relevant, timely and relate to the objectives articulated in the County's strategic plan. In determining goals, as set forth below, a numerical value expressed as a percentage of the employee's pay from one percent (1%) to five percent (5%) shall be assigned to the successful completion of all agreed-upon goals, depending upon the degree of difficulty. The maximum potential value of an employee's goals shall be determined at the beginning of the performance period in the form of an executed agreement between the employee and their supervisor and Department Head (if different):
- a. ***For the County Counsel and CAO*** – The Board may establish performance goals for the CAO and the County Counsel when the incumbents in those positions have achieved Step E, respectively. The Board shall consult with the CAO and County Counsel regarding appropriate goals and such goals, if established, should be in place no later than the employee's Anniversary Date for the year in question.
 - b. ***For Department Heads*** – The CAO may establish performance goals for all non-elected Department Heads who are then at Step E, except the CAO and County Counsel. The CAO shall consult with the affected Department Head regarding appropriate goals and, in the CAO's discretion, obtain input from the Board of Supervisors. In the case of the Chief Probation Officer, the CAO may additionally consult with the Superior Court Judge. Such goals, if established, should be in place no later than the employee's Anniversary Date for the year in question.
 - c. ***For At-Will Employees Reporting to the County Counsel or an Elected Department Head*** – The County Counsel and elected Department Heads shall establish performance goals for at-will employees within their respective departments who are then at Step E. Goals shall be developed in consultation with the employee and, if established, should be in place no later than the employee's Anniversary Date for the year in question.
 - d. ***For At-Will Employees Reporting to a Department Head*** – The relevant Department Head and, except in the case of the County Counsel, the CAO shall establish performance goals for at-will employees reporting to that respective Department Head who are then at Step E. The Department Head and CAO, if applicable, shall obtain input from the employee regarding goals and such goals, if established, should be in place no later than the employee's Anniversary Date for the year in question.
- C. Performance Period. The performance period shall be one year, although a shorter period may be provided as necessary due to changing Anniversary Dates and/or transition, commencing on the date the goals are established and terminating at the employee's next Anniversary Date. Performance goals must be completed, and the employee must have exceeded standards, as reflected in his or her annual evaluation, during the performance period in order to qualify for performance pay.
- D. Employees with Active Performance Goal Agreements as of April 2, 2024. Employees at Step E and subject to an "Agreement Regarding Performance Goals" as of April 2, 2024, will continue to

be subject to that Performance Agreement, and shall remain eligible to receive performance pay pursuant thereto, effective July 1, 2024, at the salary in effect when the Performance Agreement was entered into. Thereafter, these employees shall be transitioned to a performance period aligned with their Anniversary Date, as set forth in paragraph C, which may require a performance period that is less than or greater than 12 months.

- E. Evaluation of Achievement. Whether performance goals have been achieved, and to what degree they have been achieved, shall be determined in the sole discretion of the employee's Supervisor, and, if different, the CAO at the end of the performance period. Achievement of goals for the CAO and County Counsel shall be determined by the Board. Supervisors shall continue to determine whether the employee has exceeded standards during the performance period through the annual evaluation process.
- a. Amount of Performance Pay. Except as provided below, the amount of performance pay achieved between one half of one percent (0.5%) and five percent (5%) of the employee's Base Salary, shall be determined based on an assessment of the following factors:
 - i. the level of achievement;
 - ii. the weight assigned to the goal(s); and
 - iii. the maximum amount allowed for achievement of the specified goals.
 - b. Person Responsible for Determining. The above determination shall be made by the CAO in the case of Department Heads and by the Board of Supervisors in the case of the County Counsel and CAO. In the case of at-will employees not reporting to the CAO, the Department Head shall make a recommendation to the CAO, who shall have ultimate authority to approve, modify or deny.
 - c. Method and Duration. Performance pay shall be paid in a single lump sum at or near the end of July of the year following the performance period. Performance pay must be earned and granted in future years (if ever) in accordance with this policy.

Example:

When a Covered Employee achieves Step E, they become eligible for performance pay. At or around the Anniversary Date where Step E is reached, and having exceeded standards the prior year, the employee and CAO (or CAO and Department Head, or the Board, as applicable) determine and agree on the following year's performance goals, in addition to regular duties, for the upcoming year to start on the Employee's upcoming Anniversary Date. During that twelve-month period, the employee works to maintain performance that exceeds standards and to achieve the agreed upon performance goals. Employee performance is reviewed in the spring, during the budget process, to determine if performance exceeds standards and performance goals were achieved, and to what degree.

- F. No Limitation. Nothing shall limit or dictate the number of times during an employee's tenure performance pay may be earned. The County hopes and expects that all eligible employees will strive to earn performance pay every year.

VII. COST OF LIVING ADJUSTMENT

There will be annual cost-of-living adjustments (COLA) for Covered Positions which shall take effect the first full pay period in January each year, commencing January of 2025. The adjustments shall be based on the Consumer Price Index (CPI) for the Riverside Area, but not to exceed two percent (2%) in any year. Notwithstanding the foregoing, the Board of Supervisors may, in its sole discretion, forego implementation of this section or implement a smaller COLA in any year in which it has determined that financial considerations or Board priorities so require.

**MONO COUNTY POLICY REGARDING
COMPENSATION OF AT-WILL AND ELECTED MANAGEMENT-LEVEL
OFFICERS AND EMPLOYEES
Adopted April 2, 2024**

I. INTRODUCTION

The purpose of this policy is to provide a fair, consistent, long-term approach to compensating the County's at-will, and where applicable elected, management-level officers and employees and to remain competitive in the marketplace in order to attract and retain high quality employees. Under this policy, covered positions will be compensated at a level equal to at least the average of the surveyed salaries taking into consideration internal equity, of the surveyed jurisdictions when they reach Step C in the Salary Matrix. Annual cost of living adjustments (COLA) will be made to salaries and a salary survey of benchmark positions will occur every five years to maintain the average salary/internal equity market position objective. In the event that conduct of the survey is delayed for any reason, it shall be commenced as soon as reasonably practicable. Under this policy appointed (non-elected) employees, upon reaching Step E on the matrix, may also earn temporary, additional "performance pay" as an incentive for rendering high levels of exemplary service to the County in accordance with pre-established standards and goals.

II. DEFINITIONS

For the purposes of this policy, the following definitions shall apply:

- A. Anniversary Date. The Anniversary Date is the date Step increases are implemented for eligible employees. For at-will positions which are not vacant as of April 2, 2024, the Anniversary Date shall be March 31, 2024. For positions which are vacant, subsequently created, or which subsequently become vacant after April 2, 2024, the Anniversary Date is the start date of employment in the position by the employee filling the position.
- B. Base Salary. Base Salary means minimum salary. Base Salary does not include the value of any non-monetary benefits nor any additional amounts paid or reimbursed by the County as part of an individual's compensation package, such as insurance premiums, cell-phone allowance, membership dues, or travel and educational expenses.
- C. Benchmark Positions. Where the Board of Supervisors determines that a salary survey conducted under this policy shall include only certain specified positions, those positions are Benchmark Positions, and the salary for all other Covered Positions shall be determined as a percentage of Market Salary for the appropriate Benchmark Position.
- D. Control-Point Salary. The average of the raw (unadjusted) salary data obtained from surveying positions at comparable jurisdictions. Control-Point Salaries may be adjusted as needed to ensure internal equity to arrive at "Market Salary" for a position.
- E. Covered Position. At-will and elected management-level positions of Mono County that are covered by this policy. See also Section III.

- F. Department Head. Department Heads include the following appointed and elected officials: Assessor, Director of Behavioral Health, County Administrative Officer, Clerk-Recorder/Registrar of Voters, County Counsel, Director of Community Development, District Attorney, Director of Economic Development, Director of Finance, Director of Information Technology, Chief of Emergency Medical Services, Chief Probation Officer, Director of Health and Human Services, Sheriff, Director of Public Works, and any other department head position which may be created by the County while this policy is in effect.
- G. Elected Official. Elected Official means members of the Board of Supervisors, the District Attorney, Assessor and Sheriff.
- H. Market Salary. Market Salary means the Control-Point Salary for a position which has been adjusted, if needed, to obtain internal equity among positions at Mono County and, for non-Benchmark Positions, multiplied by the specified percentage (or ratio) of the appropriate Benchmark Position. Market Salary is reflected as Step C of each Range on the Salary Matrix.
- I. Salary Matrix. Salary Matrix is the chart or graph showing Base Salaries (with Ranges shown as vertical rows and Steps as horizontal columns) for at-will management level positions adopted by resolution of the Board of Supervisors. In the event of a conflict between an adopted Salary Matrix and this policy, the Salary Matrix shall govern.
- J. Y-Rated. When a salary survey conducted pursuant to this policy indicates that the salary for a Covered Position is at or above the salary identified as Step E for the position, the salary shall not be subject to cost-of-living adjustment, performance pay, or other adjustment (i.e., the salary shall be “Y-Rated”). The salary for a Y-Rated position shall remain unchanged until a subsequent salary survey increases Step E of the salary range to a level that is greater than the existing salary. Upon such occurrence, the position shall no longer be Y-Rated and the position’s salary shall thereafter be adjusted in accordance with this policy.

III. COVERED POSITIONS

- A. This policy shall apply to the following County positions (Covered Positions), except as otherwise provided in the policy:
 - i. Appointed and elected department head positions; and
 - ii. At-will management-level, deputy, and assistant department head positions; and
 - iii. All other at-will positions where so indicated in the terms and conditions of employment for the position.
- B. On a case-by-case basis as determined by the Board of Supervisors this policy shall not apply to any position, the duties or work of which generally demand fewer than 40 hours of personal time per week; to any independent contractor; nor to any person who serves the County pursuant to a

contract with another public agency. The Board of Supervisors may, in its discretion, extend or otherwise apply any of the principles of this policy to positions other than those described above.

IV. SALARY SURVEY

- A. Survey Jurisdictions. Every five years, or as close thereto as reasonably practicable, the County shall survey the salaries of Covered Positions (or of Benchmark Positions, in the discretion of the Board of Supervisors) in those jurisdictions identified in the most recently-completed salary survey for the Mono County Public Employees (MCPE) bargaining unit. The Board may, in its sole discretion, substitute other California jurisdictions or add to or delete from the list of comparable jurisdictions, as appropriate, to sustain optimized and relevant comparisons for future surveys.
- B. Survey Methodology and Assumptions. Positions in surveyed jurisdictions with similar or identical titles to Covered Positions (or Benchmark Positions if used) in Mono County shall be conclusively presumed to be fair and reasonable comparisons to Mono County positions, regardless of any actual differences in duties, responsibilities, skill level, level of effort or other factor. The average salary obtained from such survey salaries and, for Benchmark-only surveys the assigned ratio between positions, shall be determined. Other positions may be included or excluded in future surveys for comparison in the discretion of the CAO based on best human resources practices at the time of the survey, and as new information or clarity emerges regarding position duties, titles, or responsibilities.
- C. Adjustment for PERS Contributions. The practices of comparable jurisdictions related to employee/er PERS contributions shall be considered in order to most fairly and equitably compare the Base Salaries in those jurisdictions to Base Salaries in Mono.
- D. Determination of Market Salary. The average salary of surveyed positions among the survey jurisdictions will be calculated and then adjusted to take into account internal equity considerations, where needed, to determine Market Salary. Where only Benchmark Positions are surveyed, the Market Salary for each Benchmark Position shall then be used to determine Market Salary for each non-Benchmarked Position.
- E. Benchmark Positions. Prior to each salary survey, a recommendation shall be made by the CAO regarding whether all Covered Positions should be surveyed or only Benchmark Positions. If the CAO recommends that only Benchmark Positions be surveyed, he or she shall provide the Board with a list of such positions and specify how the salaries for all remaining Covered Positions shall be determined based on the surveyed Benchmark Positions. The Board of Supervisors shall be the ultimate decision maker with respect to whether the survey will include all Covered Positions or only Benchmark Positions and, if only Benchmark Positions, the appropriate relationship between a Benchmark Position and other positions.
- F. Establishing Steps within Salary Ranges. There shall be a five-step salary range for each non-elected at-will position (i.e., Steps A, B, C, D, and E), with five percent (5%) between each step. (The middle Step C shall be equal to the Market Salary.) There are no steps for elected positions,

and instead a single salary shall be set for such positions and reflected in the Salary Matrix or by separate resolution.

- G. Salary Range Structure. Base Salaries for Covered (non-elected) Positions will be managed using a Salary Matrix adopted by the Board of Supervisors and administered by the county. The Salary Matrix shall include position titles and Base Salary for each salary range and for each step in the five-step series.
- H. Position Placement in Salary Matrix. Covered (non-elected) Positions shall be assigned to the Salary Matrix based on: 1) Control-point data from the most-recent salary survey for Covered Positions or Benchmark Positions, as applicable; 2) for non-Benchmark Positions, if any, the assigned percentage of the applicable Benchmark Position; and/or 3) appropriate internal salary alignments that take into account salary compaction and relative job value using relevant compensable factors.
- I. Salaries for Elected Officials. Salaries for elected Department Head positions (Assessor, District Attorney and Sheriff) shall be set at a single Market Salary and shall be adjusted to reflect cost of living under this policy and based on salary surveys and corresponding adjustments to the Salary Matrix. Salaries for members of the Board of Supervisors are set forth in Mono County Code section 2.04.030 and are not governed by this policy.

V. ONGOING IMPLEMENTATION

- A. Adjustments to the Salary Matrix following a Salary Survey. Following a salary survey, or at such other time as may be determined by the Board in its sole discretion, the County shall adjust the Salary Matrix to reflect changes in Base Salary resulting from the survey or other market factors. Positions which are determined to be below Market Salary will be adjusted in accordance with the salary survey, taking into account affordability to the county and Board priorities.
- B. Movement Between Steps (applicable only to Non-Elected Employees). Movement from one step to the next in the Salary Matrix is dependent on the employee exceeding standards for their position as identified in their annual evaluation. Performance will be reviewed by the employee's supervisor prior to the employee's Anniversary Date each year. Upon achieving a score that exceeds standards, an employee's Base Salary will move to the next step effective as of the Anniversary Date, and so on, until the employee reaches Step E. It is the employee's responsibility to maintain performance that exceeds standards. Failure to do so will result in the employee not advancing upward in the Salary Matrix for their position.

VI. PERFORMANCE GOALS AND PAY – applicable only to Non-Elected Employees

- A. Amount. For appointed (i.e., non-elected) at-will management-level employees who have reached Step E of the range for their position and whose performance exceeds standards for their position as identified in their annual evaluation, the County may temporarily pay up to five percent (5%) of the employee's Base Salary, in addition to the Step E compensation, as an incentive for the employee to achieve established performance goals. Elected officials (Board of Supervisors, District Attorney, Assessor and Sheriff) are not eligible to receive performance pay.

- B. Establishment of Performance Goals. Performance goals shall be specific, measurable, achievable, relevant, timely and relate to the objectives articulated in the County's strategic plan. In determining goals, as set forth below, a numerical value expressed as a percentage of the employee's pay from one percent (1%) to five percent (5%) shall be assigned to the successful completion of all agreed-upon goals, depending upon the degree of difficulty. The maximum potential value of an employee's goals shall be determined at the beginning of the performance period in the form of an executed agreement between the employee and their supervisor and Department Head (if different):
- a. ***For the County Counsel and CAO*** – The Board may establish performance goals for the CAO and the County Counsel when the incumbents in those positions have achieved Step E, respectively. The Board shall consult with the CAO and County Counsel regarding appropriate goals and such goals, if established, should be in place no later than the employee's Anniversary Date for the year in question.
 - b. ***For Department Heads*** – The CAO may establish performance goals for all non-elected Department Heads who are then at Step E, except the CAO and County Counsel. The CAO shall consult with the affected Department Head regarding appropriate goals and, in the CAO's discretion, obtain input from the Board of Supervisors. In the case of the Chief Probation Officer, the CAO may additionally consult with the Superior Court Judge. Such goals, if established, should be in place no later than the employee's Anniversary Date for the year in question.
 - c. ***For At-Will Employees Reporting to the County Counsel or an Elected Department Head*** – The County Counsel and elected Department Heads shall establish performance goals for at-will employees within their respective departments who are then at Step E. Goals shall be developed in consultation with the employee and, if established, should be in place no later than the employee's Anniversary Date for the year in question.
 - d. ***For At-Will Employees Reporting to a Department Head*** – The relevant Department Head and, except in the case of the County Counsel, the CAO shall establish performance goals for at-will employees reporting to that respective Department Head who are then at Step E. The Department Head and CAO, if applicable, shall obtain input from the employee regarding goals and such goals, if established, should be in place no later than the employee's Anniversary Date for the year in question.
- C. Performance Period. The performance period shall be one year, although a shorter period may be provided as necessary due to changing Anniversary Dates and/or transition, commencing on the date the goals are established and terminating at the employee's next Anniversary Date. Performance goals must be completed, and the employee must have exceeded standards, as reflected in his or her annual evaluation, during the performance period in order to qualify for performance pay.
- D. Employees with Active Performance Goal Agreements as of April 2, 2024. Employees at Step E and subject to an "Agreement Regarding Performance Goals" as of April 2, 2024, will continue to

be subject to that Performance Agreement, and shall remain eligible to receive performance pay pursuant thereto, effective July 1, 2024, at the salary in effect when the Performance Agreement was entered into. Thereafter, these employees shall be transitioned to a performance period aligned with their Anniversary Date, as set forth in paragraph C, which may require a performance period that is less than or greater than 12 months.

- E. Evaluation of Achievement. Whether performance goals have been achieved, and to what degree they have been achieved, shall be determined in the sole discretion of the employee's Supervisor, and, if different, the CAO at the end of the performance period. Achievement of goals for the CAO and County Counsel shall be determined by the Board. Supervisors shall continue to determine whether the employee has exceeded standards during the performance period through the annual evaluation process.
- a. Amount of Performance Pay. Except as provided below, the amount of performance pay achieved between one half of one percent (0.5%) and five percent (5%) of the employee's Base Salary, shall be determined based on an assessment of the following factors:
 - i. the level of achievement;
 - ii. the weight assigned to the goal(s); and
 - iii. the maximum amount allowed for achievement of the specified goals.
 - b. Person Responsible for Determining. The above determination shall be made by the CAO in the case of Department Heads and by the Board of Supervisors in the case of the County Counsel and CAO. In the case of at-will employees not reporting to the CAO, the Department Head shall make a recommendation to the CAO, who shall have ultimate authority to approve, modify or deny.
 - c. Method and Duration. Performance pay shall be paid in a single lump sum at or near the end of July of the year following the performance period. Performance pay must be earned and granted in future years (if ever) in accordance with this policy.

Example:

When a Covered Employee achieves Step E, they become eligible for performance pay. At or around the Anniversary Date where Step E is reached, and having exceeded standards the prior year, the employee and CAO (or CAO and Department Head, or the Board, as applicable) determine and agree on the following year's performance goals, in addition to regular duties, for the upcoming year to start on the Employee's upcoming Anniversary Date. During that twelve-month period, the employee works to maintain performance that exceeds standards and to achieve the agreed upon performance goals. Employee performance is reviewed in the spring, during the budget process, to determine if performance exceeds standards and performance goals were achieved, and to what degree.

- F. No Limitation. Nothing shall limit or dictate the number of times during an employee's tenure performance pay may be earned. The County hopes and expects that all eligible employees will strive to earn performance pay every year.

VII. COST OF LIVING ADJUSTMENT

There will be annual cost-of-living adjustments (COLA) for Covered Positions which shall take effect the first full pay period in January each year, commencing January of 2025. The adjustments shall be based on the Consumer Price Index (CPI) for the Riverside Area, but not to exceed two percent (2%) in any year. Notwithstanding the foregoing, the Board of Supervisors may, in its sole discretion, forego implementation of this section or implement a smaller COLA in any year in which it has determined that financial considerations or Board priorities so require.

**MONO COUNTY POLICY REGARDING THE BENEFITS OF AT-WILL AND ELECTED
MANAGEMENT-LEVEL OFFICERS AND EMPLOYEES**

(Adopted April 2, 2024)

ARTICLE 1. INTRODUCTION

The purpose of this policy is to memorialize the non-salary benefits generally provided by the County to its at-will management-level officers and employees. Additional, different, or even lesser benefits may be specified pursuant to the express terms of a written agreement between an employee and the County. In the event and to the extent that a conflict exists between any provision of this policy and such agreement, the terms of the agreement shall prevail as to that employee. Certain benefits set forth herein (e.g., vacation and sick leave) are, by their nature, only appropriate or legally available for employees, as opposed to elected officials, due to differences between the natures of employees and elected officials. Where such differences exist, they are specifically noted in the policy. The Board of Supervisors may amend this policy from time to time.

ARTICLE 2. COVERED OFFICERS AND EMPLOYEES

This policy applies to: elected and appointed department/agency heads, including the county counsel and the county administrative officer; management level employees, deputies and assistants serving under individual at-will employment agreements with the County; and members of the board of supervisors (hereafter “covered officers” and/or “covered employees”).

This policy shall not apply to any independent contractor, nor to any person who serves the County pursuant to a contract with another public agency. Furthermore, as noted above in Article I, the express terms of an individual employment agreement applicable to one of the foregoing officers or employees may exclude various benefits or provide for lesser, different, or waived benefits, and such terms shall prevail over any provision of this policy. Finally, note that the County may, in its discretion, extend or otherwise apply any of the principles of this policy to officers or employees other than those expressly mentioned above.

ARTICLE 3. HEALTH, LIFE, AND DISABILITY INSURANCE

A. Each covered officer and employee and his or her dependents are entitled to health care benefits as provided in this Article and Articles 4 and 5.

B. "Health care benefits" means the medical, dental, and eye-care benefits provided to covered officers and employees and their dependents by the County pursuant to this Policy.

C. The County shall continue to participate in the CalPERS medical insurance program, or other comparable insurance program, on behalf of covered officers and employees.

D. The County shall pay only the statutory amount prescribed by Government Code section 22892 per officer or employee per month for CalPERS medical insurance.

E. Life Insurance. The County shall provide covered officers and employees with term life insurance in the amount of fifty thousand dollars (\$50,000), applicable during their active service to the County (not after their retirement or other termination of employment or service).

F. Disability Insurance (Not Applicable to Elected Officers). The County shall enroll, and pay the premiums for, all covered employees to provide coverage under the State Disability Insurance (SDI)

program. When the covered employee has filed a disability claim and is receiving disability benefits pursuant to the SDI program, the County shall continue paying:

- (1) Monthly contributions into the Cafeteria Plan based on the employee's applicable tier (See Article 6); and
- (2) The medical portion of Social Security.

G. Health Care Coverage for Retirees and Post-Retirement Health Beneficiaries.

- (1) A "retiree" is a former covered officer or employee whom CalPERS considers to be a County retiree/annuitant, but who is not a post-retirement health beneficiary as described in this policy. The County shall pay the statutory amount prescribed by Government Code section 22892 per month for each retiree who enrolls in CalPERS medical insurance, regardless of their age or years of continuous service for the County.
- (2) A "post-retirement health beneficiary" or "PRHB" is a former covered officer or employee who falls within one of the following categories:
 - Was hired or elected prior to January 1, 1986, held permanent employment status or was holding elected county office and was age fifty (50) or older on the date of his or her retirement, and had accrued at least five (5) years continuous service with the County immediately preceding the date of retirement;
 - Was hired or elected between January 1, 1986, and June 30, 1987, held permanent employment status or was holding elected county office and was age fifty (50) or older on the date of his or her retirement, and had accrued at least ten (10) years continuous service prior to retirement;
 - Was hired or elected between July 1, 1987, and January 1, 1996, held permanent employment status or was holding elected county office and was age fifty (50) or older on the date of his or her retirement, and had accrued at least fifteen (15) years continuous service prior to retirement;
 - Was hired or elected between January 1, 1996, and December 31, 2001, held permanent employment status or was holding elected county office and was age fifty-five (55) or older on the date of his or her retirement, and had accrued at least twenty (20) years continuous service immediately prior to retirement.

With respect to any elected official who was a county employee immediately preceding his or her first election to office, the official's tier under this definition shall be based on his or her date of hire as an employee and his or her years of prior service as a county employee shall be counted along with years of service as a county officer, provided all such service was continuous.

PRHBs shall receive those benefits after retirement set forth in Article 8, unless they have at any time elected to participate in the County's 401(a) retirement plan.

ARTICLE 4. DENTAL CARE PLAN

The County shall provide all covered officers and employees and their dependents with the County dental plan. The current County dental care plan shall be the minimum base coverage.

ARTICLE 5. VISION CARE PLAN

The County shall provide all covered officers and employees and their dependents with a vision care plan. The current Vision Care Plan C shall be the minimum base coverage.

ARTICLE 6. CAFETERIA PLAN

A. For covered officers and employees enrolled in PERS Gold (formerly PERS Select) insurance, the County shall contribute into the cafeteria plan an amount equal to ninety-five percent (95%) of the PERS Gold premium for the coverage tier in which the covered officer or employee is enrolled (i.e., single, two-party, or family), minus the statutory amount prescribed by Government Code section 22892, which the County shall pay directly to PERS. For covered officers or employees enrolled in a PERS insurance plan other than PERS Gold, the County shall contribute into the cafeteria plan an amount equal to eighty percent (80%) of the PERS Platinum (formerly PERS Choice) premium for the coverage tier in which the covered officer or employee is enrolled, minus the statutory amount prescribed by section 22892, which the County shall pay directly to PERS.

B. With respect to any covered officer or employee who is not enrolled in CalPERS medical coverage for their applicable tier, but who provides the County with proof of medical coverage under an insurance plan providing at least the same level of benefits available from CalPERS under the Cafeteria Plan, the County shall contribute to the Cafeteria Plan three hundred dollars (\$300) per month for that non-enrolled officer or employee. Notwithstanding the foregoing, no officer or employee (regardless of date of assuming office or date of hire) shall be eligible to receive a contribution to the Cafeteria Plan under this subsection, unless they were already receiving such a contribution prior to August 1, 2011.

ARTICLE 7. 401(a) PLAN

A. Any covered officer or employee originally hired or elected on or after January 1, 2002, shall not be eligible to earn or receive the retirement service benefit provided by Article 8, but shall instead be eligible to receive County contributions into an Internal Revenue Code Section 401(a) Plan established by the County, as described more fully below. Any active officer or employee who was originally hired or elected prior to January 1, 2002, may also elect to receive County contributions into a Section 401(a) Plan under this Article, but only if he or she agrees to waive and relinquish any present or future rights he or she may have to receive the post-retirement benefit provided by paragraphs B and C of Article 8.

B. The County has established and fully implemented an Internal Revenue Code Section 401(a) Plan consistent with this Article. The County shall contribute into the Section 401(a) Plan an amount on behalf of each covered officer or employee electing to participate under this Article equal to the amount contributed by that officer or employee from his or her own pre-tax salary into one of the County's Section 457 deferred compensation plans or into the 401(a) Plan directly (if made available to officer or employee contributions) but not to exceed 3% of the officer or employee's pre-tax base salary. Accordingly, if an officer or employee contributed a total of 1-3 % of his or her pre-tax salary to a 457 plan, then the dollar amount of the County's 401(a) contribution would fully match the officer's or employee's 457 contribution; if an officer or employee contributed more than 3% of his or her pre-tax salary to a 457 plan, then the dollar amount of the County's 401(a) contribution would only be equal to 3% (and not more) of the officer's or employee's pre-tax salary and would not fully match the officer's or employee's 457 contribution. The officer or employee may direct the investment of said contributions in accordance with the options or limitations provided by the 401(a) Plan. Each officer or employee shall vest -- that is, earn the right to withdraw - the County's contributions into the 401(a) Plan on their behalf, based on years of County service as set forth more fully below.

C. The 401(a) Plan implementing this Article shall provide the following schedule of vesting requirements for any participating officer or employee to earn and be eligible to withdraw or otherwise receive a portion (or in some cases all) of his or her total account value at the time of separation from County service:

Years of County Service	Portion of Account Value Vested
1 year or less	0%
1 year plus 1 day	10%
2 years plus 1 day	20%
3 years plus 1 day	40%
4 years plus 1 day	60%
5 years plus 1 day	80%
6 years or more	100%

D. County Contribution (By January 1, 2025)

Upon implementation by the County and by no later than January 1, 2025, the following shall take effect, and shall thereupon supersede and replace the above subsections B and C.

County shall continue to provide an Internal Revenue Code Section 401(a) Plan consistent with this Article. County shall continue to contribution into the Section 401(a) Plan an amount on behalf of each Employee electing to participate in this Article equal to the amount contributed by that Employee from his or her own pre-tax salary into one of the County's section 457 deferred compensation plans or into the 401(a) Plan directly (if made available to Employee contributions), but not to exceed five percent (5%) of the Employee's pre-tax salary. Accordingly, if an Employee contributed a total of one to five percent (1-5%) of his or her pre-tax salary to a 457 plan, then the dollar amount of the County's 401(a) contribution would fully match the Employee's 457 contribution; if an Employee contributed more than five percent (5%) of his or her pre-tax salary to a 457 plan, then the dollar amount of the County's 401(a) Plan contribution would be five percent (5%) (and not more) of the Employee's pre-tax salary and would not fully match the Employee's 457 contribution. The Employee may direct the investment of said contributions in accordance with the options or limitations provided in the 401(a) Plan.

E. In addition to and notwithstanding the foregoing, officers' or employees' options for withdrawing, "rolling over," and otherwise using account money -- and the tax consequences of such withdrawals and use - shall be subject to any legal requirements or limitations of Internal Revenue Code Section 401(a) and any other applicable laws with which the County and the Plan must comply.

ARTICLE 8. BENEFITS FOR POST-RETIREMENT HEALTH BENEFICIARIES

A. Each post-retirement health beneficiary (or PRHB) as defined in Article 3 will be eligible for a flexible credit allowance under the County's Section 125 Cafeteria Plan (See Article 6) as set forth below, unless he or she has at any time prior to retirement opted to participate in the County's Section 401(a) Plan (see Article 7).

B. The amount of the flexible credit allowance shall be computed as follows:

- (1) Post-retirement health beneficiaries who enroll in CalPERS medical insurance, shall receive a flexible credit allowance equal to the monthly amount of the PERS Platinum premium based on the residency and coverage tier (PRHB and up to one dependent) in which the PRHB is enrolled, minus the statutory amount prescribed by Government Code section 22892 per month, which shall instead be paid by the County directly to PERS, and minus the same monthly amount that the PRHB was contributing toward their medical insurance premiums as an active employee on January 1, 2020. For example, if an employee was contributing \$50 per month toward his or her medical insurance as an active employee on January 1, 2020, then that same fixed dollar amount shall be deducted from the flexible credit allowance paid to them as a PRHB pursuant to this subsection. Note that under this formula, while the PERS Platinum premium and the statutory amount prescribed by Government Code section 22892 will vary over time (based on the then-current amounts), the amount deducted therefrom based on what the PRHB was contributing as an active employee does not vary.
- (2) All PRHBs who are eligible for Social Security Medicare coverage must enroll in such coverage to be eligible to receive a flexible credit allowance under this Article. The amount of the flexible credit allowance shall be determined as set forth above, but shall be based on the premium for the PERS Supplement/Managed Care policy.
- (3) Each PRHB, and one dependent, shall also be eligible to receive the same dental and eye-care benefits provided to covered officers and employees in Articles 4 and 5 of this policy.

ARTICLE 9. VACATION ACCUMULATION (Not Applicable to Elected Officers)

A. Covered employees shall accrue vacation benefits as follows:

Initial employment	15 days per year
After 10 years of service	17 days per year
After 15 years of service	19 days per year
After 20 years of service	20 days per year

For purposes of this benefit, a "day" means eight (8) hours and assumes full-time employment. Covered employees working less than a full-time schedule shall accrue a prorated amount of vacation days per year.

B. Notwithstanding anything to the contrary, the maximum number of vacation hours that may be accumulated by any covered employee shall not exceed 400.

C. If a covered employee's total accumulated vacation hours exceed 400, then their vacation accrual will cease until the covered employee's accumulation of vacation days falls to or below 400 hours.

D. Any covered officer or employee who has accrued a minimum of 80 vacation hours may, upon written request, be compensated for up to a maximum of 40 hours of accrued vacation time per calendar year, instead of taking that vacation time off.

ARTICLE 10. SICK LEAVE (Not Applicable to Elected Officers)

A. Sick leave for each covered employee shall commence to accrue upon the covered employee's date of employment at the rate of one (1) full day of sick leave for each month of full-time service, to a maximum accrual of one hundred and twenty (120) sick leave days (960 hours). Part-time employees accrue a prorated amount based on the percentage of full-time work provided. Upon termination, the employee shall be compensated for accrued sick leave as follows:

- (1) If the employee has worked for the County for less than five (5) years, no amount shall be paid for accrued sick leave.
- (2) If the employee has worked for the County for five (5) or more years, but less than ten (10) years, then the employee shall be paid seventy-five percent (75%) of the dollar value of the accrued sick leave.
- (3) If the employee has worked for the County for ten (10) or more years, then the employee shall be paid one hundred percent (100%) of the dollar value of the accrued sick leave.

B. The dollar value of the employee's accrued sick leave shall be based upon the employee's base salary on the date of separation.

ARTICLE 11. MERIT LEAVE (Not Applicable to Elected Officers or At-Will Employees covered by FLSA)

A. By the nature of their positions, most covered employees are exempt from payment of overtime compensation under the Fair Labor Standards Act (FLSA) and will not be paid overtime by the County for hours worked in excess of 40 hours per week. FLSA-exempt employees are expected to efficiently manage time to perform their job duties, and be available for staff, clients and the public. This entails full-time exempt employees being available for more than 40-hours per workweek (or a lesser amount in the case of part-time exempt employees) and outside of normal business hours.

B. In consideration of these expectations, the lack of overtime pay and job complexities, eighty hours (80) of merit leave per calendar year is awarded to full-time exempt employees (not elected officials); part-time exempt employees may be awarded a prorated lesser amount based on their regular schedule. Merit leave is not an hour-for-hour entitlement, but rather is extra time off provided in addition to vacation time, sick leave, etc. The initial award for exempt employees shall be prorated based upon the remainder of the calendar year (unless stated otherwise in an individual's at-will agreement).

C. Merit leave does not accrue to a bank and the yearly entitlement must be used within the calendar year it is awarded, or it is lost unless provided otherwise by Resolution of the Board. There is no carryover of unused merit leave to subsequent year(s) and merit leave has no cash value.

D. Merit or vacation leave (or sick leave, if applicable) must be used whenever a full-time exempt employee works fewer than 80 hours during any two-week payroll period; or a prorated lesser number of hours during any two-week payroll period in the case of part-time exempt employees. A two-week payroll period means fourteen consecutive calendar days beginning on a Sunday as designated by the Finance Department.

F. Those at-will employees who have been determined by the County to be covered by the FLSA (i.e., not exempt) shall be subject to the rules regarding overtime and compensatory time-off (CTO) set forth in the Memorandum of Understanding (MOU) between the County and the Mono County Public Employees (MCPE) bargaining unit or, for FLSA-covered employees within the District Attorney's office, the MOU between the County and the Deputy Sheriffs' Association.

ARTICLE 12 COUNTY HOLIDAYS (not applicable to elected officials)

Covered employees shall be entitled to the same County holidays as provided to represented employees. In the event of a difference between the holidays provided to the County's various bargaining units, covered employees shall be entitled to those holidays provided to any bargaining unit.

ARTICLE 13. PERS RETIREMENT

A. Covered employees are members of the CalPERS retirement system and are eligible to earn benefits accordingly. For elected officers, membership in the CalPERS system is optional, except to the extent otherwise specified by the Public Employees' Pension Reform Act of 2013 (hereinafter "PEPRA"). Actual benefits are governed by law and the County's current contracts with CalPERS. Covered miscellaneous employees hired or otherwise taking office after December 31, 2012, are provided with "2% at 62" PERS Retirement Benefits as mandated by PEPRA; however, covered employees hired or otherwise assuming office within six months of leaving a previous public employer with pension system reciprocity are not considered new and may be eligible for the plan in effect on December 31, 2012, which in Mono County was "2.5% at 55" for miscellaneous employees. Covered miscellaneous employees hired or otherwise taking office between April 10, 2012, and December 31, 2012, are provided with PERS "2.5% at 55" retirement. Any covered miscellaneous employees hired or otherwise taking office prior to April 10, 2012, are provided with PERS "2.7% at 55" retirement.

B. The Sheriff-Coroner, if opting to be a member of CalPERS, and the Undersheriff, are safety members of the Local Sheriff coverage group and receive benefits at the level specified by PEPRA based on their applicable dates of assuming office or date of hire and the level of benefits in place under the County's contract with CalPERS on that date for the Local Sheriff coverage group (or based on the plan in effect on December 31, 2012, in the event they are hired or otherwise assume office within six months of leaving a previous public employer with pension system reciprocity as described above).

C. At-will employees and elected officials who are safety members of the County Peace Officer coverage group and receive benefits at the level prescribed by PEPRA for that coverage group based on their date of hire (or based on the plan in effect on December 31, 2012, in the event they are hired within six months of leaving a previous public employer with pension system reciprocity as described above).

D. Covered officers and employees who are members of the CalPERS system pay the employee's (or "member's") contribution for applicable PERS coverage and retirement, which shall be the same amount as bargaining unit members enrolled in the same CalPERS retirement plan. (Note: To the extent mandated

by PEPRA and based on date of hire or assuming office, new officers and employees may also be required to pay 50% of the "normal cost" for their PERS retirement benefits.) The County has implemented an IRS 414H2 program for all covered officers and employees in order to facilitate the officer's or employee's PERS contributions and to provide for tax deferred payment of the officer's or employee's PERS contributions.

E. The County's contract with CalPERS provides eligible covered officers and employees with Level IV Survivors' Benefit Program (specifically those benefits provided by Government Code Section 21574).

ARTICLE 14. SEVERANCE PAY (Not applicable to elected officers)

A. In the event of a termination without cause occurring after the employee has successfully completed twelve (12) months of employment in the position for which they were hired, the employee shall be entitled to severance pay as follows:

- (1) CAO, County Counsel, Department Heads – Six (6) months' base pay
- (2) Non-department head at-will employees – Two (2) months' base pay (applicable to employees hired after May 1, 2024, excluding any employee moving from one at-will position to another and who was eligible for six (6) months' severance pay under their prior at-will agreement).

B. If a covered employee has taken an extended leave of more than 30 days during the initial 12-month period described above, then that period may be extended, in the discretion of the appointing authority, by the number of days of leave taken. There shall be no entitlement to severance pay in the event the appointing authority has grounds to discipline the employee at the time of termination or for termination (with or without cause or grounds for discipline) during the first twelve (12) months of employment, including any extension thereto under this paragraph.

ARTICLE 15. TRAVEL AND PER DIEM REIMBURSEMENT; MOVING EXPENSES

A. Travel policies, per diem expenses and reimbursement for non-travel-related food and beverage are governed by policies and procedures adopted by resolution of the Board of Supervisors and codified in the Mono County Policies Manual, as same may be amended by Board resolution from time to time and unilaterally implemented.

B. Newly-hired covered employees (but not elected officials) who relocate to Mono County for purposes of their employment with the County may be reimbursed up to \$5,000 in moving costs upon presentation of receipts demonstrating such expenditures and provided such expenses would be exempt from taxation under IRS rules. Reimbursable costs include: moving company costs, transport vehicle rental and fuel costs (e.g., U-Haul or similar), lodging and per diem as part of a move that requires overnight travel in (or up to) the amounts set forth in the County's Travel Policy, and other similar expenses which may be approved and authorized in writing by the County Administrative Officer, provided that total reimbursement does not exceed \$5,000.

In the event that a covered employee has received reimbursement under paragraph B, but voluntarily resigns or separates from County employment within two years of the start date of employment, they shall owe the County any amounts received, pro-rated based on time worked, which amounts shall be

withheld from the employee's final paycheck. If the amount of that final paycheck is insufficient to cover the required repayment, then any remaining amount shall be repaid by the employee.

**MONO COUNTY POLICY REGARDING THE BENEFITS OF AT-WILL AND ELECTED
MANAGEMENT-LEVEL OFFICERS AND EMPLOYEES**

(Adopted April 2, 2024)

ARTICLE 1. INTRODUCTION

The purpose of this policy is to memorialize the non-salary benefits generally provided by the County to its at-will management-level officers and employees. Additional, different, or even lesser benefits may be specified pursuant to the express terms of a written agreement between an employee and the County. In the event and to the extent that a conflict exists between any provision of this policy and such agreement, the terms of the agreement shall prevail as to that employee. Certain benefits set forth herein (e.g., vacation and sick leave) are, by their nature, only appropriate or legally available for employees, as opposed to elected officials, due to differences between the natures of employees and elected officials. Where such differences exist, they are specifically noted in the policy. The Board of Supervisors may amend this policy from time to time.

ARTICLE 2. COVERED OFFICERS AND EMPLOYEES

This policy applies to: elected and appointed department/agency heads, including the county counsel and the county administrative officer; management level employees, deputies and assistants serving under individual at-will employment agreements with the County; and members of the board of supervisors (hereafter "covered officers" and/or "covered employees").

This policy shall not apply to any independent contractor, nor to any person who serves the County pursuant to a contract with another public agency. Furthermore, as noted above in Article I, the express terms of an individual employment agreement applicable to one of the foregoing officers or employees may exclude various benefits or provide for lesser, different, or waived benefits, and such terms shall prevail over any provision of this policy. Finally, note that the County may, in its discretion, extend or otherwise apply any of the principles of this policy to officers or employees other than those expressly mentioned above.

ARTICLE 3. HEALTH, LIFE, AND DISABILITY INSURANCE

- A. Each covered officer and employee and his or her dependents are entitled to health care benefits as provided in this Article and Articles 4 and 5.
- B. "Health care benefits" means the medical, dental, and eye-care benefits provided to covered officers and employees and their dependents by the County pursuant to this Policy.
- C. The County shall continue to participate in the CalPERS medical insurance program, or other comparable insurance program, on behalf of covered officers and employees.
- D. The County shall pay only the statutory amount prescribed by Government Code section 22892 per officer or employee per month for CalPERS medical insurance.
- E. Life Insurance. The County shall provide covered officers and employees with term life insurance in the amount of fifty thousand dollars (\$50,000), applicable during their active service to the County (not after their retirement or other termination of employment or service).

F. Disability Insurance (Not Applicable to Elected Officers). The County shall enroll, and pay the premiums for, all covered employees to provide coverage under the State Disability Insurance (SDI) program. When the covered employee has filed a disability claim and is receiving disability benefits pursuant to the SDI program, the County shall continue paying:

- (1) Monthly contributions into the Cafeteria Plan based on the employee's applicable tier (See Article 6); and
- (2) The medical portion of Social Security.

G. Health Care Coverage for Retirees and Post-Retirement Health Beneficiaries.

(1) A "retiree" is a former covered officer or employee whom CalPERS considers to be a County retiree/annuitant, but who is not a post-retirement health beneficiary as described in this policy. The County shall pay the statutory amount prescribed by Government Code section 22892 per month for each retiree who enrolls in CalPERS medical insurance, regardless of their age or years of continuous service for the County.

(2) A "post-retirement health beneficiary" or "PRHB" is a former covered officer or employee who falls within one of the following categories:

- Was hired or elected prior to January 1, 1986, held permanent employment status or was holding elected county office and was age fifty (50) or older on the date of his or her retirement, and had accrued at least five (5) years continuous service with the County immediately preceding the date of retirement;
- Was hired or elected between January 1, 1986, and June 30, 1987, held permanent employment status or was holding elected county office and was age fifty (50) or older on the date of his or her retirement, and had accrued at least ten (10) years continuous service prior to retirement;
- Was hired or elected between July 1, 1987, and January 1, 1996, held permanent employment status or was holding elected county office and was age fifty (50) or older on the date of his or her retirement, and had accrued at least fifteen (15) years continuous service prior to retirement;
- Was hired or elected between January 1, 1996, and December 31, 2001, held permanent employment status or was holding elected county office and was age fifty-five (55) or older on the date of his or her retirement, and had accrued at least twenty (20) years continuous service immediately prior to retirement.

With respect to any elected official who was a county employee immediately preceding his or her first election to office, the official's tier under this definition shall be based on his or her date of hire as an employee and his or her years of prior service as a county employee shall be counted along with years of service as a county officer, provided all such service was continuous.

PRHBs shall receive those benefits after retirement set forth in Article 8, unless they have at any time elected to participate in the County's 401(a) retirement plan.

ARTICLE 4. DENTAL CARE PLAN

The County shall provide all covered officers and employees and their dependents with the County dental plan. The current County dental care plan shall be the minimum base coverage.

ARTICLE 5. VISION CARE PLAN

The County shall provide all covered officers and employees and their dependents with a vision care plan. The current Vision Care Plan C shall be the minimum base coverage.

ARTICLE 6. CAFETERIA PLAN

A. For covered officers and employees enrolled in PERS Gold (formerly PERS Select) insurance, the County shall contribute into the cafeteria plan an amount equal to ninety-five percent (95%) of the PERS Gold premium for the coverage tier in which the covered officer or employee is enrolled (i.e., single, two-party, or family), minus the statutory amount prescribed by Government Code section 22892, which the County shall pay directly to PERS. For covered officers or employees enrolled in a PERS insurance plan other than PERS Gold, the County shall contribute into the cafeteria plan an amount equal to eighty percent (80%) of the PERS Platinum (formerly PERS Choice) premium for the coverage tier in which the covered officer or employee is enrolled, minus the statutory amount prescribed by section 22892, which the County shall pay directly to PERS.

B. With respect to any covered officer or employee who is not enrolled in CalPERS medical coverage for their applicable tier, but who provides the County with proof of medical coverage under an insurance plan providing at least the same level of benefits available from CalPERS under the Cafeteria Plan, the County shall contribute to the Cafeteria Plan three hundred dollars (\$300) per month for that non-enrolled officer or employee. Notwithstanding the foregoing, no officer or employee (regardless of date of assuming office or date of hire) shall be eligible to receive a contribution to the Cafeteria Plan under this subsection, unless they were already receiving such a contribution prior to August 1, 2011.

ARTICLE 7. 401(a) PLAN

A. Any covered officer or employee originally hired or elected on or after January 1, 2002, shall not be eligible to earn or receive the retirement service benefit provided by Article 8, but shall instead be eligible to receive County contributions into an Internal Revenue Code Section 401(a) Plan established by the County, as described more fully below. Any active officer or employee who was originally hired or elected prior to January 1, 2002, may also elect to receive County contributions into a Section 401(a) Plan under this Article, but only if he or she agrees to waive and relinquish any present or future rights he or she may have to receive the post-retirement benefit provided by paragraphs B and C of Article 8.

B. The County has established and fully implemented an Internal Revenue Code Section 401(a) Plan consistent with this Article. The County shall contribute into the Section 401(a) Plan an amount on behalf of each covered officer or employee electing to participate under this Article equal to the amount contributed by that officer or employee from his or her own pre-tax salary into one of the County's Section 457 deferred compensation plans or into the 401(a) Plan directly (if made available to officer or employee contributions) but not to exceed 3% of the officer or employee's pre-tax base salary. Accordingly, if an officer or employee contributed a

total of 1-3 % of his or her pre-tax salary to a 457 plan, then the dollar amount of the County's 401(a) contribution would fully match the officer's or employee's 457 contribution; if an officer or employee contributed more than 3% of his or her pre-tax salary to a 457 plan, then the dollar amount of the County's 401(a) contribution would only be equal to 3% (and not more) of the officer's or employee's pre-tax salary and would not fully match the officer's or employee's 457 contribution. The officer or employee may direct the investment of said contributions in accordance with the options or limitations provided by the 401(a) Plan. Each officer or employee shall vest -- that is, earn the right to withdraw - the County's contributions into the 401(a) Plan on their behalf, based on years of County service as set forth more fully below.

C. The 401(a) Plan implementing this Article shall provide the following schedule of vesting requirements for any participating officer or employee to earn and be eligible to withdraw or otherwise receive a portion (or in some cases all) of his or her total account value at the time of separation from County service:

Years of County Service	Portion of Account Value Vested
1 year or less	0%
1 year plus 1 day	10%
2 years plus 1 day	20%
3 years plus 1 day	40%
4 years plus 1 day	60%
5 years plus 1 day	80%
6 years or more	100%

A. D. County Contribution (By January 1, 2025)

Upon implementation by the County and by no later than January 1, 2025, the following shall take effect, and shall thereupon supersede and replace the above subsections B and C.

County shall continue to provide an Internal Revenue Code Section 401(a) Plan consistent with this Article. County shall continue to contribution into the Section 401(a) Plan an amount on behalf of each Employee electing to participate in this Article equal to the amount contributed by that Employee from his or her own pre-tax salary into one of the County's section 457 deferred compensation plans or into the 401(a) Plan directly (if made available to Employee contributions), but not to exceed five percent (5%) of the Employee's pre-tax salary. Accordingly, if an Employee contributed a total of one to five percent (1-5%) of his or her pre-tax salary to a 457 plan, then the dollar amount of the

County's 401(a) contribution would fully match the Employee's 457 contribution; if an Employee contributed more than five percent (5%) of his or her pre-tax salary to a 457 plan, then the dollar amount of the County's 401(a) Plan contribution would be five percent (5%) (and not more) of the Employee's pre-tax salary and would not fully match the Employee's 457 contribution. The Employee may direct the investment of said contributions in accordance with the options or limitations provided in the 401(a) Plan.

E. In addition to and notwithstanding the foregoing, officers' or employees' options for withdrawing, "rolling over," and otherwise using account money -- and the tax consequences of such withdrawals and use - shall be subject to any legal requirements or limitations of Internal Revenue Code Section 401(a) and any other applicable laws with which the County and the Plan must comply.

ARTICLE 8. BENEFITS FOR POST-RETIREMENT HEALTH BENEFICIARIES

A. Each post-retirement health beneficiary (or PRHB) as defined in Article 3 will be eligible for a flexible credit allowance under the County's Section 125 Cafeteria Plan (See Article 6) as set forth below, unless he or she has at any time prior to retirement opted to participate in the County's Section 401(a) Plan (see Article 7).

B. The amount of the flexible credit allowance shall be computed as follows:

- (1) Post-retirement health beneficiaries who enroll in CalPERS medical insurance, shall receive a flexible credit allowance equal to the monthly amount of the PERS Platinum premium based on the residency and coverage tier (PRHB and up to one dependent) in which the PRHB is enrolled, minus the statutory amount prescribed by Government Code section 22892 per month, which shall instead be paid by the County directly to PERS, and minus the same monthly amount that the PRHB was contributing toward their medical insurance premiums as an active employee on January 1, 2020. For example, if an employee was contributing \$50 per month toward his or her medical insurance as an active employee on January 1, 2020, then that same fixed dollar amount shall be deducted from the flexible credit allowance paid to them as a PRHB pursuant to this subsection. Note that under this formula, while the PERS Platinum premium and the statutory amount prescribed by Government Code section 22892 will vary over time (based on the then-current amounts), the amount deducted therefrom based on what the PRHB was contributing as an active employee does not vary.
- (2) All PRHBs who are eligible for Social Security Medicare coverage must enroll in such coverage to be eligible to receive a flexible credit allowance under this Article. The amount of the flexible credit allowance shall be determined as set forth above, but shall be based on the premium for the PERS Supplement/Managed Care policy.

- (3) Each PRHB, and one dependent, shall also be eligible to receive the same dental and eye-care benefits provided to covered officers and employees in Articles 4 and 5 of this policy.

ARTICLE 9. VACATION ACCUMULATION (Not Applicable to Elected Officers)

- A. Covered employees shall accrue vacation benefits as follows:

Initial employment	15 days per year
After 10 years of service	17 days per year
After 15 years of service	19 days per year
After 20 years of service	20 days per year

For purposes of this benefit, a "day" means eight (8) hours and assumes full-time employment. Covered employees working less than a full-time schedule shall accrue a prorated amount of vacation days per year.

- B. Notwithstanding anything to the contrary, the maximum number of vacation hours that may be accumulated by any covered employee shall not exceed 400.
- C. If a covered employee's total accumulated vacation hours exceed 400, then their vacation accrual will cease until the covered employee's accumulation of vacation days falls to or below 400 hours.
- D. Any covered officer or employee who has accrued a minimum of 80 vacation hours may, upon written request, be compensated for up to a maximum of 40 hours of accrued vacation time per calendar year, instead of taking that vacation time off.

ARTICLE 10. SICK LEAVE (Not Applicable to Elected Officers)

A. Sick leave for each covered employee shall commence to accrue upon the covered employee's date of employment at the rate of one (1) full day of sick leave for each month of full-time service, to a maximum accrual of one hundred and twenty (120) sick leave days (960 hours). Part-time employees accrue a prorated amount based on the percentage of full-time work provided. Upon termination, the employee shall be compensated for accrued sick leave as follows:

- (1) If the employee has worked for the County for less than five (5) years, no amount shall be paid for accrued sick leave.
- (2) If the employee has worked for the County for five (5) or more years, but less than ten (10) years, then the employee shall be paid seventy-five percent (75%) of the dollar value of the accrued sick leave.
- (3) If the employee has worked for the County for ten (10) or more years, then the employee shall be paid one hundred percent (100%) of the dollar value of the accrued sick leave.

B. The dollar value of the employee's accrued sick leave shall be based upon the employee's base salary on the date of separation.

ARTICLE 11. MERIT LEAVE (Not Applicable to Elected Officers)

- A. By the nature of their positions, most covered employees are exempt from payment of overtime compensation under the Fair Labor Standards Act (FLSA) and will not be paid overtime by the County for hours worked in excess of 40 hours per week. FLSA-exempt employees are expected to efficiently manage time to perform their job duties, and be available for staff, clients and the public. This entails full-time exempt employees being available for more than 40-hours per workweek (or a lesser amount in the case of part-time exempt employees) and outside of normal business hours.
- B. In consideration of these expectations, the lack of overtime pay and job complexities, eighty hours (80) of merit leave per calendar year is awarded to full-time exempt employees (not elected officials); part-time exempt employees may be awarded a prorated lesser amount based on their regular schedule. Merit leave is not an hour-for-hour entitlement, but rather is extra time off provided in addition to vacation time, sick leave, etc. The initial award for exempt employees shall be prorated based upon the remainder of the calendar year (unless stated otherwise in an individual's at-will agreement).
- C. Merit leave does not accrue to a bank and the yearly entitlement must be used within the calendar year it is awarded, or it is lost unless provided otherwise by Resolution of the Board. There is no carryover of unused merit leave to subsequent year(s) and merit leave has no cash value.
- D. Merit or vacation leave (or sick leave, if applicable) must be used whenever a full-time exempt employee works fewer than 80 hours during any two-week payroll period; or a prorated lesser number of hours during any two-week payroll period in the case of part-time exempt employees. A two-week payroll period means fourteen consecutive calendar days beginning on a Sunday as designated by the Finance Department.
- E.
- F. Those at-will employees who have been determined by the County to be covered by the FLSA (i.e., not exempt) shall be subject to the rules regarding overtime and compensatory time-off (CTO) set forth in the Memorandum of Understanding (MOU) between the County and the Mono County Public Employees (MCPE) bargaining unit or, for FLSA-covered employees within the District Attorney's office, the MOU between the County and the Deputy Sheriffs' Association.

ARTICLE 12 COUNTY HOLIDAYS (not applicable to elected officials)

Covered employees shall be entitled to the same County holidays as provided to represented employees. In the event of a difference between the holidays provided to the County's various bargaining units, covered employees shall be entitled to those holidays provided to any bargaining unit.

ARTICLE 13. PERS RETIREMENT

A. Covered employees are members of the CalPERS retirement system and are eligible to earn benefits accordingly. For elected officers, membership in the CalPERS system is optional, except to the extent otherwise specified by the Public Employees' Pension Reform Act of 2013 (hereinafter "PEPRA"). Actual benefits are governed by law and the County's current contracts with CalPERS. Covered miscellaneous employees hired or otherwise taking office after December 31, 2012, are provided with "2% at 62" PERS Retirement Benefits as mandated by PEPRA; however, covered employees hired or otherwise assuming office within six months of leaving a previous public employer with pension system reciprocity are not considered new and may be eligible for the plan in effect on December 31, 2012, which in Mono County was "2.5% at 55" for miscellaneous employees. Covered miscellaneous employees hired or otherwise taking office between April 10, 2012, and December 31, 2012, are provided with PERS "2.5% at 55" retirement. Any covered miscellaneous employees hired or otherwise taking office prior to April 10, 2012, are provided with PERS "2.7% at 55" retirement.

B. The Sheriff-Coroner, if opting to be a member of CalPERS, and the Undersheriff, are safety members of the Local Sheriff coverage group and receive benefits at the level specified by PEPRA based on their applicable dates of assuming office or date of hire and the level of benefits in place under the County's contract with CalPERS on that date for the Local Sheriff coverage group (or based on the plan in effect on December 31, 2012, in the event they are hired or otherwise assume office within six months of leaving a previous public employer with pension system reciprocity as described above).

C. At-will employees and elected officials who are safety members of the County Peace Officer coverage group and receive benefits at the level prescribed by PEPRA for that coverage group based on their date of hire (or based on the plan in effect on December 31, 2012, in the event they are hired within six months of leaving a previous public employer with pension system reciprocity as described above).

D. Covered officers and employees who are members of the CalPERS system pay the employee's (or "member's") contribution for applicable PERS coverage and retirement, which shall be the same amount as bargaining unit members enrolled in the same CalPERS retirement plan. (Note: To the extent mandated by PEPRA and based on date of hire or assuming office, new officers and employees may also be required to pay 50% of the "normal cost" for their PERS retirement benefits.) The County has implemented an IRS 414H2 program for all covered officers and employees in order to facilitate the officer's or employee's PERS contributions and to provide for tax deferred payment of the officer's or employee's PERS contributions.

E. The County's contract with CalPERS provides eligible covered officers and employees with Level IV Survivors' Benefit Program (specifically those benefits provided by Government Code Section 21574).

ARTICLE 14. SEVERANCE PAY (Not applicable to elected officers)

- A. In the event of a termination without cause occurring after the employee has successfully completed twelve (12) months of employment in the position for which they were hired, the employee shall be entitled to severance pay as follows:

- a. CAO, County Counsel, Department Heads – Six (6) months' base pay
 - b. Non-department head at-will employees – Two (2) months' base pay (applicable to employees hired after May 1, 2024, excluding any employee moving from one at-will position to another and who was eligible for six (6) months' severance pay under their prior at-will agreement).
- B. If a covered employee has taken an extended leave of more than 30 days during the initial 12-month period described above, then that period may be extended, in the discretion of the appointing authority, by the number of days of leave taken. There shall be no entitlement to severance pay in the event the appointing authority has grounds to discipline the employee at the time of termination or for termination (with or without cause or grounds for discipline) during the first twelve (12) months of employment, including any extension thereto under this paragraph.

ARTICLE 15. MOVING, TRAVEL EXPENSES AND FOOD AND BEVERAGE REIMBURSEMENT

- A. Travel policies, per diem expenses and reimbursement for non-travel-related food and beverage are governed by policies and procedures adopted by resolution of the Board of Supervisors and codified in the Mono County Policies Manual, as same may be amended by Board resolution from time to time and unilaterally implemented.
- B. Newly-hired covered employees (but not elected officials) who relocate to Mono County for purposes of their employment with the County may be reimbursed up to \$5,000 in moving costs upon presentation of receipts demonstrating such expenditures. Reimbursable costs include: moving company costs, transport vehicle rental and fuel costs (e.g., U-Haul or similar), lodging and per diem as part of a move that requires overnight travel in (or up to) the amounts set forth in the County's Travel Policy, and other similar expenses which may be approved and authorized in writing by the County Administrative Officer, provided that total reimbursement does not exceed \$5,000.
- C. In the event that a covered employee has received reimbursement under paragraph B, but voluntarily resigns or separates from County employment within two years of the start date of employment, they shall owe the County any amounts received, pro-rated based on time worked, which amounts shall be withheld from the employee's final paycheck. If the amount of that final paycheck is insufficient to cover the required repayment, then any remaining amount shall be repaid by the employee.

**A RESOLUTION OF THE MONO COUNTY BOARD OF SUPERVISORS
ADOPTING A SALARY MATRIX AND POSITION ASSIGNMENT SCHEDULE FOR
AT-WILL EMPLOYEES AND ELECTED DEPARTMENT HEADS
AND SUPERSEDE AND REPLACE RESOLUTION R24-007 AND CURRENT
POSITION ASSIGNMENT SCHEDULE**

WHEREAS, California Government Code Section 25300 vests the Board of Supervisors with authority to set the terms and conditions of employment for all County officers and employees; and

WHEREAS, pursuant to that authority, and consistent with the County's *Policy Regarding Compensation of At-Will and Elected Management-Level Officers and Employees*, the Board from time-to-time adopts or updates the salary matrix establishing salaries for the County's at-will and elected department head positions (the "At-Will Salary Matrix" or "Matrix"); and

WHEREAS, in June of 2023, the County contracted with the firm of Baker Tilly US, LLP, to perform a comprehensive compensation and classification study of its at-will and elected department head positions in order to identify appropriate market salaries for those positions and to guide the Board in comprehensively updating the At-Will Salary Matrix, which was last revised by Resolution R24-007; and

WHEREAS, having now received the results of Baker Tilly's compensation and classification study, the Board wishes to update the At-Will Salary Matrix in accordance with those results and identify the placement of existing positions within that Matrix;

NOW, THEREFORE, THE BOARD OF SUPERVISORS OF THE COUNTY OF MONO RESOLVES that:

SECTION ONE: The Salary Matrix attached as **Exhibit A** and incorporated by this reference is adopted and shall be effective commencing with the pay period in effect as of the date of adoption.

SECTION TWO: The position assignment schedule attached as **Exhibit B** and incorporated by this reference is adopted and shall be effective commencing with the pay period in effect as of the date of adoption.

SECTION THREE: This Resolution shall supersede and replace, in their entirety, Resolution R24-007 and the current Position Assignment Schedule, which shall be of no further force and effect.

CERTIFIED MAIL/RETURN RECEIPT REQUESTED

Race Telecommunications LLC
1325 Howard Ave #604
Burlingame, CA 94010

January 10, 2024

Mono County
Clerk of the Board of Supervisors
PO Box 715, c/o Clerk of the Board (Queenie Barnard)
Bridgeport, CA 93517

To the Clerk of the Board of Supervisors in Mono County:

Race Telecommunications LLC ("Race") is making a claim for partial refund in the amount of **\$10,764.22**, plus applicable interest, in connection with its payment of Tax Year 2019-20 second installment payment to Mono County, outlined below

Assessment No	799-000-032-000
Bill Number	799-000-032-000
Tax Year	2019-20
Total Second Payment	\$33,114.41
Claim Amount	\$10,764.22

This claim is being filed within four (4) years of the second installment payment made 2/26/2020 in accordance with California Revenue and Taxation Code ("Code") Section 5097, as interpreted in McDougal v. County of Marin (208 Cal App.2d 65 (1962)). Proof of payment is attached to this letter.

Race is subject to the assessment jurisdiction of the California State Board of Equalization, pursuant to article XIII, section 19 of the California Constitution, which establishes that, "This [State-assessed] property shall be subject to taxation to the same extent and in the same manner as other property."

For Tax Year 2019-20, the County applied a (Code Section 100(b)) tax rate of 1.3481% to the assessed value of Race's property. Conversely, the County applied an (average Code Section 93) tax rate of 1.1290% to the assessed value of locally assessed property. Race asserts that the 2019-20 tax rate applied by the County to the assessed value of Race's property violated article XIII, section 19 of the California Constitution.

On this basis, Race contends that, as a matter of law, it is entitled to a partial refund of its second installment property tax payment for tax year 2019-20, in the amount of \$10,764.22, based on the difference between the tax rate applied by the County to the assessed value of Race's property and the average tax rate applied by the County to the assessed value of locally-assessed property.

I hereby certify and declare under penalty of perjury under the laws of the State of California that the tax amount sought to be partially refunded was paid; that the amount herein claimed is correct, and no part thereof has heretofore been refunded; and, that I am duly authorized to act on behalf of Race.

Sincerely

Raul Alcaraz
