OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code: Any city or county that requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars (\$500).):

___ I, as owner of the property, or my employees with wages as their sole compensation, will do ___ all of or ___ portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built or improved for the purpose of sale.).

___ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).

___ I am exempt from licensure under the Contractors' State License Law for the following reason:

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: <http://www.leginfo.ca.gov/calaw.html>.

NOTICE TO PROPERTY OWNER **(required when Owner-Builder Declaration is submitted)**

Dear Property Owner:

An application for a building permit has been submitted in your name listing yourself as the builder of the property improvements specified at _____.

We are providing you with an Owner-Builder Acknowledgment and Information Verification Form to make you aware of your responsibilities and possible risk you may incur by having this permit issued in your name as the Owner-Builder.

We will not issue a building permit until you have read, initialed your understanding of each provision, signed, and returned this form to us at our official address indicated. An agent of the owner cannot execute this notice unless you, the property owner, obtain the prior approval of the permitting authority.

PROPERTY OWNER'S CERTIFICATIONS

By my signature below, I certify to each of the following:

- I am the property owner or authorized to act on the property owner's behalf.
- I have read this application and the information I have provided is correct.
- I agree to comply with all applicable city and county ordinances and state laws relating to building construction.
- I authorize representatives of this city or county to enter the above-identified property for inspection purposes.

Signature of property owner or authorized agent _____

Date _____

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

DIRECTIONS: Read and initial each statement below to signify you understand and verify this information.

_____ 1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

_____ 2. I understand building permits are not required to be signed by property owners unless they are responsible for the construction and are not hiring a licensed Contractor to assume this responsibility.

_____ 3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.

_____ 4. I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.

_____ 5. I understand if I employ or otherwise engage any persons, other than California licensed Contractors, and the total value of my construction is at least five hundred dollars (\$500), including labor and materials, I may be considered an "employer" under state and federal law.

_____ 6. I understand if I am considered an "employer" under state and federal law, I must register with the state and federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee." I also understand my failure to abide by these laws may subject me to serious financial risk.

_____ 7. I understand under California Contractors' State License Law, an Owner-Builder who builds single-family residential structures cannot legally build them with the intent to offer them for sale, unless all work is performed by licensed subcontractors and the number of structures does not exceed four within any calendar year, or all of the work is performed under contract with a licensed general building Contractor.

_____ 8. I understand as an Owner-Builder if I sell the property for which this permit is issued, I may be held liable for any financial or personal injuries sustained by any subsequent

owner(s) that result from any latent construction defects in the workmanship or materials.

_____ 9. I understand I may obtain more information regarding my obligations as an “employer” from the Internal Revenue Service, the United States Small Business Administration, the California Department of Benefit Payments, and the California Division of Industrial Accidents. I also understand I may contact the California Contractors' State License Board (CSLB) at 1-800-321-CSLB (2752) or www.cslb.ca.gov for more information about licensed contractors.

_____ 10. I am aware of and consent to an Owner-Builder building permit applied for in my name, and understand that I am the party legally and financially responsible for proposed construction activity at the following address:

_____ 11. I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern Owner-Builders as well as employers.

_____ 12. I agree to notify the issuer of this form immediately of any additions, deletions, or changes to any of the information I have provided on this form.

Licensed contractors are regulated by laws designed to protect the public. If you contract with someone who does not have a license, the Contractors' State License Board may be unable to assist you with any financial loss you may sustain as a result of a complaint. Your only remedy against unlicensed Contractors may be in civil court. It is also important for you to understand that if an unlicensed Contractor or employee of that individual or firm is injured while working on your property, you may be held liable for damages. If you obtain a permit as Owner-Builder and wish to hire Contractors, you will be responsible for verifying whether or not those Contractors are properly licensed and the status of their workers' compensation insurance coverage.

Before a building permit can be issued, this form must be completed and signed by the property owner and returned to the agency responsible for issuing the permit.

Note: A copy of the property owner's driver's license, form notarization, or other verification acceptable to the agency is required to be presented when the permit is issued to verify the property owner's signature.

Signature of property owner _____

MONO COUNTY PLAN SUBMITTAL REQUIREMENTS

GENERAL

1. Completed forms: permit application, water/sewer, street address, grading, encroachment
2. Four Plan sets: (3) full sets of plan sheets (two wet-stamped) 18" x 24" minimum; (1) Electronic Documentation
3. Geotechnical documentation (two 8½" x 11")
4. Engineering design (two wet-stamped, 8½" x 11")
5. Energy compliance documents (Title 24; two 8½" x 11")
6. Fire sprinkler design, if applicable

SITE PLAN

7. Site plan drawn to scale with north arrow compass bearing
8. Lot coverage calculations
9. Lot dimensions and property lines
10. Location and dimensions of driveway and parking areas
11. Locations, dimensions and setbacks of existing and proposed structures, including any cargo containers, storage structures and propane tanks
12. Wildland Urban Interface defensible space (30' and 100' structure clearances) and fire-resistive construction requirements clearly indicated
13. Roof plan showing pitch of all portions of roof
14. Existing site topographical contour lines at minimum 2' intervals
15. Finished site topography showing cuts or fills on site plan and building elevations
16. Easements, rights of way, edges of pavement, and adjoining streets
17. Location of all utilities and points of connection
18. Location of natural features; i.e., streambeds, lakes, ponds, wetlands, rocky outcrops
19. Best Management Practices (BMPs) for storm water and sediment flow

ARCHITECTURAL/STRUCTURAL PLANS AND DETAILS

20. Comprehensive "Scope of Work" description including current Building Codes used for design
21. Drawn to scale w/scale noted on all sheets and details
22. Elevation plan w/dimensions
23. Foundation plan w/referenced details
24. Framing/structural plans with general notes, schedules, referenced details and coordinated with architectural plans (Manufacturer's submittals for Manufactured Homes)
25. Floor plan w/referenced details (Manufacturer's submittals for Manufactured Homes)
26. Section views w/dimensions (Manufacturer's submittals for Manufactured Homes)
27. Electrical, mechanical, plumbing plans (Manufacturer's submittals for Manufactured Homes)
28. Detailed outdoor lighting plan on all elevations and outdoor fixture details (e.g., "spec" sheet)
29. Construction Waste Management Plan, if applicable
30. Note CalGreen requirements, if applicable: reduction of water use, seal openings with rodent-proof material, operation manual folder, VOC emission limits, cover mechanical equipment and manage dust entry into FAUs, wood framing moisture content, and bathroom exhaust fans.

LANDSCAPE INFORMATION

31. Will this project include the installation of irrigated landscape? Yes No
32. If you answered yes to #31, will the irrigated area be => than 500 sq ft? Yes No
33. If you answered yes to #32, a landscape ordinance documentation package is required.

DEFINITIONS FOR PLAN SUBMITTAL REQUIREMENTS

GENERAL:

- 1. Completed permit application package:** All projects require a building permit application. Additional forms required for some projects may include: water/sewer questionnaire, grading permit questionnaire, request for street address, and encroachment permit application.
- 2. Plans:** Provide four complete sets of plans, two with wet stamps, on minimum 18" x 24" plan sheets.
- 3. Geotechnical documentation:** Include soil class determination based on the tables in the California Building Code or an engineered soils report for new construction or additions to structures. Previous soils reports for subdivisions may be considered if accompanied by a current review letter from a Geotechnical Engineer stating that the report is applicable to the proposed project.
- 4. Engineering design:** Other than projects that meet Conventional Light Construction code provisions, all new construction and alterations involving adding or modifying structural members require engineering design. Each plan sheet produced by the California licensed professional and the 8½" x 11" design submittals must be wet-stamped, signed and dated prior to the issuance of the Building Permit.
- 5. Energy compliance documents (Title 24):** All new construction and alterations involving the addition of square footage require CF-1R energy calculations/submittals, and some may require a CF-1R alt, like window replacements.
- 6. Fire sprinkler design:** Fire sprinklers with an adequate water supply are required for new residential construction.

SITE PLAN:

Site plans are required for all permit applications as part of the plan set submittal.

- 7. Compass bearing w/north arrow and site plans drawn to scale:** The north arrow should be taken from a compass and the site should be drawn to scale (for example, 1" = 10' or 1" = 20').
- 8. Lot coverage calculation:** The lot coverage (measured in square feet) includes driveways, parking areas, building footprints, and any other impervious surfaces.
- 9. Lot dimensions and property lines:** Show the width and depth of the lot. The property lines shall be verified in one of two ways:
 - **When the structure is < 20 feet from the required setback:**
 - 1) Conclusive proof is required by a survey pin, hub, and/or monument;
 - 2) The proposed structure's footprint has been staked and verified by an architect or engineer; or
 - 3) Other conclusive proof acceptable to the building official.
 - **When the structure is > 20 feet from the required setback:**
 - 1) Reasonable proof is required by a survey pin, hub, and or monument;
 - 2) Wood stake or rebar stake;
 - 3) The lot is of substantial size & the proposed structure is well within the setback requirements; or
 - 4) Survey pins from adjacent lots that are close to the property line in question.
- 10. Location and dimensions of driveway and parking areas:** Include the slope, dimensions and area of all driveways and parking areas, and identify the finished surface material.
- 11. Locations, dimensions and setbacks of existing and proposed structures:** Show the locations, outside dimensions (width, depth, height), and setbacks to property lines and to other structures of all existing and proposed structures on site, including any cargo containers, storage structures, and/or propane tanks.
- 12. Wildland Urban Interface requirements:** The California Building Code requires every project within Mono County to meet the following fire-resistive provisions for new structures: **(a)** Defensible Space: 30' and 100' structure clearances clearly indicated; **(b)** Class A roofing materials; **(c)** No eave venting or exposed eave construction; **(d)** Fire-resistive siding; **(e)** One pane of tempered glass at all exterior windows; **(f)** Fire-resistive doors; and **(g)** Fire-resistive deck construction. Include details of State Fire Marshal-approved products.
- 13. Roof plan showing pitch of all portions of roof:** Show roof slope (4/12, 6/12, etc.) and all eaves.
- 14. Topographical contour lines:** Show at minimum 2' vertical intervals; where overall lot grade is 2' or less, owner signature and date on each submitted site plan must certify that the site has less than a 2' grade change.
- 15. Finished site topography for proposed cuts or fills:** All proposed cuts and fills shall be included on the site plan indicating before and after elevations.
- 16. Easements, rights of way, edges of pavement, and adjoining streets:** Site plans shall show all recorded easements, rights of way, pavement edges, and/or adjoining streets.
- 17. Location of all utilities and points of connection:** Show the location and connection points of all utilities.
- 18. Location and setbacks to natural features:** Show the setbacks and locations of all streambeds, lakes, ponds, wet areas/marshes and rock outcroppings.

- 19. Best Management Practices (BMPs):** Indicate on-site BMPs of storm water and sediment flow to prevent erosion and sediment transport off the construction site.

ARCHITECTURAL/STRUCTURAL PLANS:

- 20. Scope of work description including current Building Codes used for design:** Scope of work, occupancy group and type of construction (SFR with Garage = Occupancy Group R-3/U and Type of Construction = V-B), and current building codes referenced are required on the title sheet of each set of submitted plans.
- 21. Drawn to scale:** Note scale on all sheets and details. The typical scale used for plans, other than the site plan, is 1/4" = 1'- 0".
- 22. Elevation plan with dimensions:** Show dimensioned exterior views of all sides of the project. Label each view by the direction it faces (north, south, east or west). If the project is located on sloping ground, this should be reflected in these views. The finished height of the project must be shown on these views.
- 23. Foundation plan with reference details:** Detail dimensions, reinforcement, anchor bolts, hold-downs and construction specifications of all retaining walls, stem walls and footings.
- 24. Framing/structural plans:** Thoroughly detail all structural elements as required by the structural calculations/design sheets. Provide a separate plan for each level (1st floor, 2nd floor, roof).
- 25. Floor plans:** Show details of room, window, door locations and sizes. References should include applicable construction schedules and coordination with engineering plan sheets.
- 26. Section views with dimensions:** Provide dimensioned vertical cut views through the structure sufficient to show typical construction, floor/wall/ceiling heights, etc.
- 27. Electrical, Mechanical, and Plumbing plans:** Show locations of all required electrical panels, outlets, fixtures, smoke detectors, ventilation fans, FAU, hot-water heaters, gas supply, water supply, etc.
- 28. Outdoor lighting:** Provide outdoor lighting details on all elevations (include on electrical plans) and outdoor fixture details (e.g., "spec" sheet) in compliance with Dark Sky Regulations if project is located south of Walker Canyon.
- **Note:** Outdoor lighting is required to meet California Energy Code requirements as well.
- 29. Construction Waste Management Plan:** Provide a plan demonstrating 50% diversion of construction and demolition waste from the landfill for new construction.
- 30. CalGreen requirements, note compliance with the following:** either the prescriptive flow rates or a 20% reduction from baseline for water use, construction openings larger than 1/4" shall be sealed with a rodent-proof material, operation manual folder, VOC emission limit tables, covering mechanical dust and prevention of dust entry into FAUs, wood framing shall not be enclosed if moisture content exceeds 19%, and bathrooms shall have ENERGY STAR-rated, humidistat-controlled exhaust fans.

LANDSCAPE INFORMATION:

- 31. Minimum thresholds triggering the landscape ordinance:**
- (1) New construction and rehabilitated landscapes for public agency projects and private development projects with a landscape area equal to or greater than 500 square feet requiring a building permit;
 - (2) New construction and rehabilitated landscapes which are developer-installed in single-family and multi-family projects with a landscape area equal to or greater than 500 square feet requiring a building permit;
 - (3) New construction landscapes which are homeowner-provided and/or homeowner-hired in single-family and multi-family residential projects with a total project landscape area equal to or greater than 500 square feet requiring a building permit.
- Note:** New state law may trigger additional landscape requirements. Please consult a CDD planner.
- 32. See #31.**
- 33. See #31.**

MONO COUNTY CODE

15.04.120 Board of Appeals.

The construction Board of Appeals shall hear and decide appeals of orders, decisions or determinations made by the Building Official relative to the application and interpretation of Mono County Code Title 15 and provide reasonable determinations of decisions rendered by the officials charged with the responsibility of enforcing the Building Codes, as amended from time to time including, but not limited to the following:

- A. Qualifications.** The Construction Board of Appeals (“Board of Appeals”) shall consist of at least five (5) voting members, all of whom should be residents of Mono County. Any specific appeal shall be heard by the members.
 - 1. The members shall consist of persons with experience in the field of construction and deemed qualified to understand issues relating to this field.
 - 2. All members shall be appointed by the Board of Supervisors.
 - 3. No County officer or employee shall serve on the Construction Board of Appeals.
 - 4. The members shall serve for four (4) years and may be reappointed after that for successive terms.

- B. Limitations on Authority.** An application for appeal shall be based on a claim that the true intent of this Code or the rules legally adopted thereunder have been incorrectly interpreted, or the provisions of this Code do not fully apply, or an equally good or better form of construction has been proposed and denied by the Building Official.
 - 1. The Board of Appeals shall have no authority relative to interpretation of the administrative provisions of these codes, nor shall the Board be empowered to waive requirements of these codes.
 - 2. Any cost for tests or research required by the Board to substantiate the claim of the appellant shall be the sole responsibility of the appellant.

- C. Building Official Ex-Officio member.** The building official for Mono County shall be an ex-officio member of the Board, and shall act as secretary of said Board, but shall have no vote.

- D. Rules, Decisions, Legislative Recommendations.** The Board shall adopt reasonable rules and regulations for conducting its investigations and render all decisions and findings in writing to the Building Official with a duplicate copy to the appellant. The Board of Appeals shall establish the procedure by which three members are chosen to hear a specific appeal.

- E. Appeals to Board.** Any person aggrieved by a decision of the official charged with the responsibility of enforcing those respective codes may within twenty (20) working days of the decision appeal to the Board of Appeals for a hearing.
 - 1. The appeal must be in writing and accompanied by a filing fee which shall be established by resolution of the County Board of Supervisors.
 - 2. The appeal shall be filed with the County Clerk and respective official. A form will be provided at the County Clerk’s office.
 - 3. All supporting documents shall be submitted with the form at the time of filing the appeal.

- F. Hearing.** The County Clerk shall schedule a hearing within twenty (20) working days of receiving the request for hearing and give notice of the time, place, and subject matter of the hearing on the appeal to the person filing the appeal, subject official whose decision is involved and each member of the Board of Appeals.
 - 1. The hearing shall be informal.
 - 2. The Board shall announce its decision within five (5) working days after the hearing has concluded.

- G. Finality of Decision.** The decision of the Board of Appeals shall be the final administrative decision, and no provision of any ordinance of the County shall be interpreted as permitting a further administrative appeal to the County Board of Supervisors or any other county board or commission.
