First Review 06/28/2019

Community Development

Permit Technician

Mammoth Lakes, CA

Salary:

\$22.90 - \$27.83

40 hr/week

The Position: Under direction, performs a variety of customer service functions in the Community Development Department (CDD), which includes Planning, Building Inspection, and Code Compliance divisions. The Permit Technician advises the public on a variety of CDD regulatory requirements; performs routine and technical work, both at the public counter and in the back office; answers inquiries related to building codes, remodeling and repair requirements, planning and development regulations, General Plan policies, and permit procedures and schedules; provides preliminary review of plans and specifications; reviews, tracks, and processes applications; issues building permits; calculates and collects fees. The Permit Technician also assists in preparing and administering grant applications, participates on project teams in planning studies, permit software configuration/implementation, environmental reviews, community design, and General Plan preparation; assists in policy research, development and implementation, and performs other work as required.

Examples of Duties:

- Provides information to the public on various department regulations, permits and applications;
- Accepts and reviews application and plan submittals for completeness and compliance with Mono County ordinances, building codes and regulations;
- Assists in processing construction plans; enters plans into permit software; reviews plans to establish valuation and computes plan check and various other fees;
- Verifies current contractor's licenses and worker's compensation insurance;
- Refers plans to building inspectors, environmental specialists, planners, code compliance personnel, public works, special districts, and plan checking personnel as needed;
- Issues routine permits for building construction work; verifies completion of necessary documentation to balance accounts for moneys collected;
- Coordinates applicable inquiries with code compliance staff; responds to the more-routine inquiries and complaints related to building and planning regulations;
- Gathers data and information for planning studies and long-range policy development; conducts research and performs data analysis; assists in processing applications for planning permits;
- Assists conducting site inspections to ensure compliance with development regulations; conducts field reviews and gathers data, assists with preparation of public presentations; participates in environmental review of proposed projects and assists with preparation of environmental studies;
- Interprets use permits, ordinances, policies and regulations; performs basic reviews of site plans; contributes to preparing and presenting staff reports; prepares maps and graphs;
- Answers public inquiries regarding planning issues, permit procedures, and environmental compliance; may represent the CDD on committees and make presentations before commissions and boards; and
- Maintains necessary records according to department policy; provides monthly progress reports and statistics; and performs other duties as assigned.

Knowledge of:

- Methods, procedures, principles and practices of record keeping, databases, and report writing;
- Computer and Internet applications related to permit functions;
- Building, General Plan requirements, and related codes and ordinances enforceable by the County;
- Uniform Building, Plumbing, Mechanical and Electrical codes;
- Principles of mathematics related to the building trades;
- Housing construction methods and terminology;
- Basic symbols and content of construction plans and blueprints;
- Principles of land use and environmental planning;
- Applicable federal, state, and local laws and codes;
- Research and statistical methods;
- Presentation and graphic design software; and
- Map reading, cartography (GIS preferred), and web development.

Ability to:

- Read, understand and apply ordinances and regulations;
- Assist in preparation of planning and environmental studies and reports;
- Review permit applications for completeness and conformity with requisite ordinances; interpret and explain building plans, specifications and building codes;
- Make mathematical calculations quickly and accurately;
- Communicate effectively both orally and in writing; provide advice on standard construction methods and requirements;
- Enforce regulations with firmness and tact;
- Prepare clear and concise written reports; use computers;
- Plan and organize work in an efficient manner; adapt to constantly changing work environment;
- Track and complete multiple tasks while maintaining focus;
- Deal tactfully and courteously with the public and co-workers;
- Provide exceptional customer service;
- Maintain confidentiality;
- Facilitate and/or participate in team/group problem solving;
- Provide attention to detail while maintaining focus on larger projects/tasks;
- Learn and enforce federal, state, and local laws, rules and regulations related to planning, building and enforcement activities;
- Collect, compile, and analyze technical, statistical, and other information related to building and planning permits; and
- Represent the CDD effectively.

Special requirement: Possession of valid Class C driver's license.

Training and Experience: Any combination of training and experience that would provide the required knowledge and abilities is qualifying. A typical way to obtain the required knowledge and abilities might be: Four years experience providing support in the Community Development permitting functions; two years college coursework in planning, engineering, public administration, architecture, environmental studies, industrial technology, construction management or a related field; or Certification by ICBO (or equivalent).

Selection Process: The selection process may include any of the following: application, written test, and/or oral interview (weighted 100%).

Application Process: For a complete job description and application contact Human Resources. All completed applications received in our office will be considered. Faxed and emailed applications will be accepted.
